

»»» MONTHLY MATTERS WITH MR. MOORE

March 2026
24th Edition

MARCH

Dear Monroe City Schools Community,

As we welcome the month of March, I want to take a moment to express my deepest gratitude for the incredible work you do every day. This season often feels like a "final lap" in many ways, but it is also a time of renewal and focused growth. Our district recently earned a historic "B" grade, a milestone that belongs to each of you. Your dedication to our students' literacy and numeracy is the heartbeat of this success.

As we navigate this busy month, let's keep our core values at the forefront: Respect, Innovation, Integrity, Diversity, Transparency, and Professionalism. Whether you are in the classroom, maintaining our facilities, or supporting our operations, you are an essential part of the amazing community that makes MCS thrive.

Our District remains committed to our Vision: To foster an inclusive, student-centered academic environment that values all voices, ensures comprehensive support for teachers, and promotes rigorous instructional opportunities that seamlessly align to assessments to ensure meaningful learning that empowers all students to achieve academic excellence and thrive in an ever-evolving global community.

Sam Moore, III
Superintendent

CYBER SECURITY

LEVEL UP YOUR CYBERSAFETY

With Safe Schools Louisiana

In today's world, children and teenagers are more connected than ever through technology. Keeping your child safe online is essential to helping them build healthy habits and boundaries on the internet.

Think Before You Post

Remind them that everything online is permanent and can follow them throughout their life.

Don't Talk to Strangers

If someone they don't know tries to message them, they should block or ignore them and tell an adult.

Set Screen Time & Boundaries

Limiting their time each day and checking in on what they're doing can build a healthy relationship with social media

Recognize Red Flags

Teach children to be cautious of anyone asking for personal details, fishy links/sites, and messages pressuring them to do something

Monitoring Apps

Phone and internet access can introduce your child to a world of communication and connection, but this also comes with risks. These apps help set boundaries that can teach healthy habits.

1

Bark

- Monitors texts, emails, and social media
- Alerts user for signs of cyberbullying, depression, inappropriate content, and predators

2

Google Family Link (Android)

- Manage screen time - Approve or block apps - Track location

3

Apple Screen Time & Family Sharing (Apple)

- Monitor screen time - Set app limits - Restrict purchases - Manage content filters

4

OurPact

- Set screen time schedules - Block apps - Filter websites - GPS locator

The first step to keeping your children safe is **AWARENESS**. Knowing what apps your child is using, educating them about online safety, and setting boundaries can help prevent problems before they even start.

NEXTGEN

Leadership Institute

Developing the Next Generation of School Leaders

MONROE
CITY SCHOOLS

Cohort 1 - 2026

The first session of the MCS NextGen Leadership Cohort 1 took place in February. Participants engaged in powerful conversations about the art of leadership, examined the characteristics of impactful leaders, and began setting goals for their leadership journey. The future of leadership is bright!
