SECTION I RESIDENCY AND ATTENDANCE

ADMISSION OF RESIDENT STUDENTS

Resident students are defined as students whose parents or legal guardians live inside the City of Monroe. All resident students of the school district shall be entitled to be admitted within limitations and federal court ordered provisions, to the school serving the zone in which the student's parent or legal guardian resides.

Provisional Custody by Mandate is not accepted in Monroe City School District

Students enrolling for the first time in Monroe City Schools shall be required to furnish proof of residence, up to date immunizations according to the schedule established by the Department of Health and Hospitals and a Birth Certificate. According to School Board **Policy JBCC**, if the parent cannot produce proof of residence, they are to be enrolled and given 15 school days to produce the proof of residence. Transfer students who satisfy residency, immunization and age requirements shall be admitted upon presentation of the most recent report card from the school most recently attended. The principal or designee shall be responsible for contacting the principal of the last school attended for the student's transcript.

ATTENDANCE REQUIREMENTS

In order to be eligible to receive grades and earn Carnegie Units, high school students (or Jr. High/ Middle School students working toward Carnegie Units) shall be in attendance a minimum of 30,060 minutes per semester. **For a school year, High School and Junior High Students earning Carnegie Credits are allowed 4 unexcused absences for the first semester and 5 unexcused days for the second semester. Elementary students are allowed 9 unexcused absences during the school year** (*Bulletin 741, section 1103 G*). Students in danger of failing due to excessive absences may be allowed to make up missed time in class sessions held outside the regular class time. The make-up sessions must be completed before the end of the current semester and all other policies must be met. Board **Policy JB** and **JBA**

Schools shall administer attendance regulations in accordance with State and locally adopted policies. Students shall be expected to be in attendance every activity day scheduled by the local educational governing authority.

A student is considered in attendance when he/she is physically present at school or is participating in an authorized school activity and is under the supervision of authorized personnel. This definition for attendance would extend to students who are homebound, assigned to and participating in drug rehabilitation programs that contain a state-approved education component, or participating in school authorized field trips.

Half-day attendance: A student is considered in attendance for one-half day when he/she is physically present at a school site or is participating in supervised activity with authorized personnel for more than 25% but not more than half (26%-50%) of the student's instructional day.

Whole-day attendance: A student is considered in attendance for a whole day when he or she (1) is physically present at a school site or is participating in an authorized school activity and (2) is under the supervision of authority personnel for more than 50% (51%-100%) of the student's instructional day.

Extenuating Circumstances: The only exception to the attendance regulation shall be the enumerated extenuating circumstances that are verified by the Child Welfare Director. Students shall be temporarily excused from the attendance regulation for the following reasons:

1. extended personal physical or emotional illness in which a student is absent for three or more consecutive school days as verified by a physician or nurse practitioner licensed in the state.

2. extended hospital stays in which a student is absent for three or more consecutive school days as verified by a physician or dentist
3. extended recuperation from an accident in which a student is absent for three or more consecutive school days as verified by a physician, dentist, or nurse practitioner licensed in the state
4. extended contagious disease within a family in which a student is absent for three or more consecutive school days as verified by a physician or dentist licensed in the state of LA
5. Quarantine due to prolonged exposure to or direct contact with a persons diagnosed with a contagious, deadly disease, as ordered by state or local health officials
6. observance of special and recognized holidays of the student's own faith.
7. visitation with a parent who is a member of the United States Armed Forces or the National Guard of a state and such parent has been called to duty for or is on leave from overseas deployment to a combat zone or combat support posting. Excused absences in this situation shall not exceed five school days per school year.
8. Absences verified by the school principal or designee as stated below:
 - a) prior school system-approved travel for education
 - b) death in the immediate family (not to exceed one week)
 - c) natural catastrophe and/or disaster

9. Minors engaged in artistic or creative services

For any other circumstances, parents must make formal appeal to CWA

NOTE: Verification by parent, physician, clergy, or legal document must be provided. Excuses for absences must be submitted to the school within two (2) days after the student returns to school. If excuses are not submitted the absence will be unexcused. Work cannot be made up when an absence is unexcused.

Make up work: After each absence from school, it is the responsibility of the student to make arrangements to makeup work missed during the absence with his/her teacher, following his/her return. All makeup work will be completed within five (5) school days from the day the student returns to school. The teacher who will give the makeup work will decide on the scheduling of the work on any day after the return day but within five days. If a student misses a mid-term or final exam, proper medical documentation must be submitted by the parent/guardian that verifies and documents the necessity for the absence and must be submitted within 2 days of the missed exam.

Absences Due To School Approved Activities: Students participating in school approved activities that necessitate their being away from school shall be counted present and shall be given the opportunity to do make-up work.

Students participating in school activities must be present at school all day on the day of activity to participate in that activity unless they are legally excused.

Types of Absences

The days absent for elementary and secondary school students shall include non-exempted, excused, exempted, excused, unexcused absences, 5 tardies, and suspensions.

1. *Non-exempted, Excused Absences* are absences incurred due to personal illness or serious illness in the family (documented by acceptable excuses, including a parental note) which are not considered for purposes of truancy, but which are considered when determining whether or not a student is eligible to make up work and tests, receive credit for work completed, and receive credit for a course and/or school year completed.
2. *Exempted, Excused Absences*—absences which are not considered for purposes of truancy, and which are not considered when determining whether or not a student is eligible to make up work and tests, receive credit for work completed and receive credit for a course and/or school year completed.
3. *Unexcused Absence*—any absence not meeting the requirements set forth in the excused absence and extenuating circumstances definitions, including but not limited to absences due to any job (including

agriculture and domestic services, even in their own homes or for their own parents or tutors) unless it is part of an approved instructional program. Students shall be given failing grades in those days missed and shall not be given an opportunity to make up work.

4. *Suspension*—a non-exempted absence in which a student is allowed to make up his work and is eligible for consideration for credit provided it is completed satisfactorily and in a timely manner. The absence is considered when determining whether a student may or may not be promoted, but is not considered for purposes of truancy. Students absent from school as a result of any suspension shall be counted as absent.
5. Tardy – a non-exempted delayed arrival beyond the right or expected time; checked into school after tardy bell.

NOTE: A student cannot be removed from the school because of tardiness or a prior absence without an official notice (Behavioral Report and/or phone call) to parent.

SECTION II: BEHAVIORAL EXPECTATIONS & DISCIPLINE

The Board of Education believes the school’s primary goal is educating students, not disciplining students. It is the belief of Monroe City Schools that students should be taught appropriate behaviors, just as they are taught academic concepts. In compliance with the Juvenile Justice Education Partnership Act of 2003, and the Board of Elementary and Secondary Education’s Model Master Plan for Discipline, all Monroe City Schools have developed and implemented a School-Wide Positive Behavior Interventions and Supports framework.

PBIS

Positive Behavioral Interventions and Supports (PBIS) is a multi-tiered system of support that utilizes a team approach to address behavior in a proactive and preventative manner. PBIS is designed to support **all students** within a school by identifying and actively teaching behavioral expectations and rules, reinforcing appropriate behaviors, and providing evidence-based interventions and effective discipline strategies when problem behaviors are exhibited. Monroe City Schools' PBIS framework has three levels of implementation: Tier I for all students, Tier II for students who have been identified as needing more structured behavior support, and Tier III for the small group of students who need intensive, individualized behavior support.

All Monroe City Schools have this core framework of PBIS in place and active. This includes having a functioning PBIS team that meets monthly, conducting required annual assessments, and reviewing behavioral data in order to make changes as needed. However, each school is unique in their population and behavioral support needs. Due to their uniqueness, each school's PBIS team develops all components of their Tier I, II and Tier III PBIS implementation plans to match the diverse needs of their students and teachers. These components may differ greatly from one school to the next, but the core framework is the same from school to school.

Tier I include an established set of school-wide expectations, a systematic process for teaching those expectations as well as acknowledging positive behaviors through a reinforcement system. Tier I also includes clearly defined major and minor behavior infractions and consequences, a clear plan of action for teachers in how to respond to discipline problems in the classroom, and consistency across the campus. Universal behavior screening for grades K-12 is conducted by teachers each fall. As with academic screening tools, the purpose of this process is to proactively identify students who may need emotional/behavioral support. Results of the screening are analyzed by the PBIS District Coordinator and shared with the school team. The school team further analyzes the screening results and coordinates with teachers and parents to determine intervention needs.

Another way that students may receive behavioral interventions is through the Request for Assistance process. A Request for Assistance form is available from each school team; it is to be completed and returned to the Tier II chairperson on the school's PBIS team. Parents and teachers can request assistance for students and students are able to self-nominate for possible Tier II interventions. Completing a Request for Assistance form does not guarantee a student will be placed into Tier II interventions. Once received, the Tier II chairperson will review all relevant student data to determine if that student meets criteria for Tier II support. The Tier II chairperson, or designee, must respond to the request within 72 hours.

Tier II & Tier III Behavior Interventions

In Tier II, students may receive low intensity or group-based interventions to correct undesired behaviors. These interventions and supports are selected based upon a brief functional behavior assessment. Intervention options will vary from school to school to meet the needs of each unique population. Intervention options may include, but are not limited to: Check-In/Check-Out, school-based mentors, small group social skills, or restorative practices. Progress is monitored to determine the effectiveness of the interventions so that data-based decisions can be made regarding the student's readiness to return to Tier I supports, the need to modify Tier II supports, or the need for a referral for Tier III supports.

Students who do not respond significantly to Tier II interventions may be referred to Tier III after interventions have been conducted with fidelity. The decision to refer for Tier III supports is made by the PBIS committee. Tier III includes intensive, individualized interventions and supports through a behavior intervention plan that are based upon an in-depth functional behavior assessment. Progress is again monitored for effectiveness. Data-based decisions will be made to determine if interventions need to be discontinued, continued, or modified, or if the student may need ongoing supports through Special Education or Section 504. Students with significant, ongoing behavior and/or academic concerns may be referred to the

School Building Level Committee (SBLC). The PBIS team and SBLC will work closely together to determine the best approach for increasing student success.

In accordance with state mandates, all Monroe City Schools are evaluated annually using the *Tiered Fidelity Inventory* to determine their level of effective implementation of the PBIS framework at each tier. The results of this assessment are used to inform each PBIS team's Action Plans and team goals for improvement. Results of the annual evaluations are shared with stakeholders, district leadership, and the Louisiana Department of Education. District support for annual assessments, ongoing committee training, and individual school consultation for developing PBIS components is available through the PBIS District Coordinator and District PBIS Team.

Student Discipline

Philosophy of Discipline

The Monroe City School Board requires discipline to be applied in a firm, fair, and consistent manner within all schools. Each student shall be assured of due process. School officials will take corrective action, as necessary, when the behavior of an individual infringes upon the rights of others. Each student has the right to be treated fairly should disciplinary action become necessary. School officials may consider circumstances surrounding an even when board policy allows principal discretion. The ultimate goal of the school discipline program is to assist each student to develop the skills which will enable him/her to exhibit the appropriate self-control which will ensure the physical, intellectual, and emotional well-being of attending or working within the Monroe City Schools. Students may be disciplined or suspended for the offenses outlined in the **STUDENT BEHAVIOR CODE**. All concerns about discipline should be directed to the school principal or his/her designee. **Policy JDD**

Discipline Strategies

Schools are required to implement proactive approaches to discipline within the classrooms and across their campuses. In accordance with PBIS practices, each school develops policy and procedures to address minor infractions that interfere with instruction and go against school-wide expectations. While minor disciplinary infractions are to be handled within the classroom, major disciplinary infractions result in an office referral. Disciplinary strategies that may be utilized by school administration to address major infractions include but are not limited to the following:

Time-Out / PASS Program (Positive Alternative to School Suspension) / In School Suspension

A Time-Out/Pass program shall be tailored to fit the needs of secondary and elementary students. The Time-Out/Pass area and the length of the assignment can vary from school to school. The Time-Out/Pass assignment may vary in length for a certain number of hours to a certain number of days. It may be located in another teacher's classroom or a specially assigned area within the building. Classroom assignments shall be sent to the PASS ROOM for completion by the student. Students who do not finish assignments may be subject to further disciplinary actions. Students with disabilities **MUST** receive services as specified on IEP or IAP.

Before and After School Detention Programs / Saturday School

State law defines detention as activities, assignments, or work held before or after school or on weekends. Failure of a student to participate in assigned detention may result in immediate suspension. Detention time may be assigned to a student by the principal or teacher for inappropriate behavior or tardiness. Assignment to the school's detention area shall be handled through the principal's office. The amount of time shall be commensurate with the offense.

Parents or guardians of elementary students shall be notified by phone or a note prior to the student's being placed in detention. Secondary school students shall be responsible for parent or guardian notification. Parents or guardians shall be responsible for providing transportation. Documentation of all notification efforts by the school shall be maintained in the principal's office.

Restriction from Participation in Selected School Activities

When, in the opinion of the principal, a student's misconduct warrants, the student shall forfeit the privilege of participating in certain school activities/functions. These may include, but are not limited to:

- 1.) Driving a car/riding a bicycle to school
- 2.) Attending and/or participating in school-sponsored competitive events
- 3.) Attending dances, assemblies, or other related school activities
- 4.) Participating in school-sponsored field trips

Corporal Punishment (paddling)

When school officials have exhausted other possible remedies, corporal punishment may be used. Parents may deny school officials permission to use corporal punishment as an option by returning the non-consent form found on the first page of this handbook.

The following procedures shall be followed:

- a) When the principal/certified personnel designee has exhausted other possible administrative remedies, paddling may be used.
- b) Only the principal and/or designated staff member shall paddle and only in the presence of a second school employee, who should be informed beforehand of the reason for this consequence.
- c) A school principal/designee who has administered a paddling shall provide the child's parent or legal guardian(s) written explanation of the incident stating the reason and the name of the school employee who was present as a witness. That written documentation may be a copy of the referral.
- d) Paddling shall be administered in the office of the principal or in such a place or places as may be designated by the principal/designee.
- e) Principals must afford parents an opportunity to refuse padding as disciplinary strategy as a part of the student handbook documentation process. (See page 3 of this handbook.)
- f) Paddling shall not be administered in the visual presence of other students.
- g) The principal/designee shall document the punishment session, including the signature of a witness, and shall keep said documentation on file. Documentation shall include description of the incident, the date, action taken, and signatures of the principal and the witness. In accordance with Bulletin 741 Section 1315 C, a copy will be provided BY REQUEST to the Child Welfare Director.
- h) The use of paddling shall always be reasonable and proper.
- i) A student may not receive more than three (3) applications of the paddle for a single session. No student can be paddled more than once in a school day.
- j) Paddling shall be administered without anger or malice.

NOTE: Each school has designated person authorized to paddle students

Suspension

Students may be suspended for violation of the **STUDENT BEHAVIOR CODE**. Before a suspension can occur, a student must be provided with due process. A parent conference with the school principal/designee is required prior to re-admittance of a student following a suspension. Students are not eligible to participate in activities. In accordance of Bulletin 741, Section 1301 G, a student who is suspended for more than ten (10) days or less shall be assigned school work missed while he/she is suspended and shall receive either full or partial credit for such work if it is completed satisfactorily and timely as determined by the principal or his/her designee, upon the recommendation of the student's teacher.

Temporary Placement at Sherrouse School

Elementary Students may be placed for 10 or 15 days at the Sherrouse School. Parents must be informed and a completed referral packet to the Sherrouse School must be sent prior to the student's arrival at the Alternative School. IDEA students may be placed at Sherrouse through an IEP team decision. Short term placements do not require a transfer of enrollment in JPAMs.

Expulsion

State law mandates expulsions for specific violations of the law relating to possession of weapons, controlled substances, assaults upon school personnel or habitual misbehavior. State law also requires students be afforded due process. A student convicted of a felony shall be immediately recommended for expulsion. A conviction of any student of a felony or the incarceration of any student in a juvenile institution for an act which, had it been committed by an adult, would have constituted a felony, may be caused for expulsion of the student for a period of time as determined by the board; such expulsions shall require the vote of two thirds of the elected members of the local educational governing authority. In accordance with Bulletin 741, Section 1301 G, A student who is expelled and receives educational services in an alternative school site, shall be assigned schoolwork by a certified teacher and shall receive credit for schoolwork if it is completed satisfactorily and timely as determined by the teacher. Such work shall be aligned with the curriculum used at the school from which the student was expelled.

Behavior Code

Although students have the right to a free public education, they also have the responsibility to comply with all policies and procedures established by the school board for the entire school district or by each principal within individual schools.

State law and local policy allow student suspensions and/or expulsion for the following types of misbehavior:

PROCESS FOR EXPULSION

Where there has been a recommendation for expulsion, an impartial hearing shall be provided by the Superintendent or his/her designee after the informal hearing has been held at the building level. The following guideline shall be used:

1. The student shall be informed, in writing, of the charges against him/her, including a summary of the evidence upon which charges are based.
2. A copy of the recommendation for expulsion shall be delivered or sent by certified mail to the parent/guardian of the student within 24 hours following the incident; and
3. The Superintendent or his/her designee shall schedule a prompt hearing so that an appeal of the recommendation may be made at the request of the student and/or parent/guardian within 10 school days.

A formal hearing shall be provided for the student by the Superintendent through the structure of an Administrative Hearing Team. The team shall consist of the Child Welfare Director or designee and at least two administrators from either the High Schools, Junior Highs, or Elementary Schools. Hearings will be conducted as needed but at least weekly. The following guidelines will be used:

1. A list of witnesses who will furnish information supporting the principal's recommendation, as well as those who will appear at the hearing, will be made available to the student by the building principal prior to the formal hearing with the Superintendent or his/her designee.
2. The Superintendent or his/her designee presides at the hearing. The student will have the factual basis for the alleged offense read to him/her by the principal recommending the expulsion or his/her designee and the student shall be asked if the charges are true.
3. If the student admits to the truth of the factual allegation, the Hearing Officer or his/her designee will proceed with the hearing for determination of any disciplinary action.
4. The student is entitled to representation by a lawyer or lay counsel. The student may present witnesses on his/her behalf.
5. At the hearing the principal or his/her designee shall present evidence of the circumstances and events to support the recommendation for expulsion. The presentation will include statements, documents, and other evidence by and on behalf of the school from people who witnessed the alleged offense and others involved.
6. Presentation of statement, documents, and other evidence by and on behalf of the student may be presented if the student so desires. The student may testify and may offer the statement of others; however, the student may not be required to testify. The Superintendent or his/her designee may permit cross-examination of witnesses. The cross-examination may be limited if the Superintendent or his/her designee believes it is abusive or interferes with the conduct of an orderly hearing. The student or his/her representative can make any desired statement or present evidence which might influence the decision in his/her favor.
7. The Superintendent or his/her designee may ask questions.
8. Based on the written and oral evidence, the superintendent or his/her designee determines the disciplinary action to be taken.
9. A record of the hearing is kept, and if a written request is made, the parent or legal guardian will be furnished a record of the hearing. The student will be advised of his/her right to appeal the decision to the superintendent. The final level of appeal is to the Monroe City School Board.
10. Information on the date(s) of any expulsion and the reason for which the student is expelled should be sent to the Child Welfare Director.

NOTE: After one scheduled hearing in which the parent/guardian do not attend, the superintendent's designee will decide of the consequence.

DISCIPLINE OF STUDENTS WITH DISABILITIES:

Students with disabilities shall be disciplined in accordance with the Individuals with Disabilities Act and Louisiana Bulletin 1706.

Case-by-Case Determination

School personnel may consider any unique circumstances on a case-by-case basis, when determining whether a change of placement, consistent with requirements related to discipline, is appropriate for a student with a disability who violates a school code of student conduct.

General Description

School personnel may, under this section, remove a student with a disability who violates a code of student conduct from his/her current placement to an appropriate interim alternative educational setting, or suspension, for not more than 10 consecutive school days (to the extent those alternatives are applied to students without disabilities), and for additional removals of not more than 10 consecutive school days in that same school year for separate incidents of misconduct (as long as those removals do not constitute a change of placement). After a child with a disability has been removed from his/her current placement for a total of 10 school days in the same school year, during any subsequent days of removal, that school district shall provide services to the extent required.

Additional Authority

For disciplinary changes in placement that would exceed 10 consecutive school days, if the behavior that gave rise to the violation of the school code is determined not to be a manifestation of the student's disability, school personnel may apply the same disciplinary procedures to students with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

Services

The services that shall be provided to a student with a disability who has been removed from the student's current placement may be provided in an interim alternative educational setting. A school district is only required to provide services to a student with a disability who has been removed from his/her current placement for 10 consecutive school days or less in that school year, if it provides services to a student without disabilities who has been similarly removed.

After a student with a disability has been removed from his/ her placement for 10 consecutive school days in that same school year, and if the current removal is for 10 consecutive school days or less and if the removal is not a change of placement, then school personnel, in consultation with at least one of the student's teachers, shall determine the extent to which services are needed to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in your child's IEP.

Manifestation Determination

Within 10 school days of any decision to change the placement of a student with a disability because of a violation of a code of student conduct, the school district, the parent, and relevant members of the IEP Team shall review all relevant information in the student's file, including the student's IEP, any teacher observations, and any relevant information to determine:

1. If the conduct in question was caused by, or had a direct and substantial relationship to, the student's disability; or
2. If the conduct in question was the direct result of the school district's failure to implement the student's IEP.

If the school district, the parent, and relevant members of the student's IEP Team determine that either of those conditions was met, the conduct must be determined to be a manifestation of the student's disability.

If the school district, the parent, and relevant members of the student's IEP Team determine that the conduct in question was the direct result of the school district's failure to implement the IEP, the school district shall take immediate steps to remedy those deficiencies.

Determination that Behavior was a Manifestation of the Child's Disability

If the school district, the parent, and relevant members of the IEP Team determine that the conduct was a manifestation of the student's disability, the IEP Team shall:

1. Conduct a functional behavioral assessment (FBA), unless the school district had conducted a functional behavioral assessment before the behavior that resulted in the change of placement occurred, and implement a behavioral intervention plan (BIP) for the student; or
2. If a behavioral intervention plan already has been developed, review the behavioral intervention plan, and modify it, as necessary, to address the behavior.

Except as described below under Special Circumstances, the school district must return the student to the placement from which he or she was moved, unless the parent and the school district agree to a change of placement as part of the modification of the behavioral intervention plan.

Special Circumstances

School personnel may move a student to an interim alternative educational setting for not more than 45 school days without regard to whether the behavior is determined to be a manifestation of the student's disability, if the student with a disability:

1. Carries a weapon to or possesses a weapon at school, on school premises, or at a school function under the jurisdiction of the Louisiana Department of Education or a school district.
2. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of the Louisiana Department of Education or a school district; or
3. Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of the Louisiana Department of Education or a school district.

Manifestation Determinations for students identified as 504 are scheduled by the school 504 Coordinator in conjunction with the district 504 Director.

Guidelines for Use of Seclusion and Physical Restraint with Exceptional Students

Louisiana Revised Statute 17:416.21 (Act 328 of 2011) and Louisiana Bulletin 1706 (Regulations for Students with Disabilities, rev. 2012) mandate that each Local Educational Agency develop and disseminate guidelines for use of seclusion and physical restraint to parents/guardians of exceptional students.

Comprehensive policies and procedures that include descriptions of methods and procedures for seclusion, physical transport, intervention, and control as well as procedures for parent notification, staff training, direct monitoring, data analysis, and documentation are available for review at each school site and at the Monroe City Schools website. Monroe City School Policy IDDF is posted on the district website. Copies of these documents will be provided upon request.

General guidelines for use of seclusion and physical restraint for students with exceptionalities in Monroe City Schools are as follow:

1. Seclusion or physical restraint will be used only when all other classroom interventions have been attempted and proven unsuccessful in remediating self-injurious or physically aggressive behaviors and then only to prevent the immediate escalation of aggressive behavior and imminent physical injury to other students or faculty.

2. Physical control techniques that result in minimal discomfort and no physical injury to the student will be implemented exclusively. Interventions used will not interfere with a student's ability to breathe freely or communicate with others. Students will not be restrained in a manner that places excessive pressure on the back or chest that may present a risk of asphyxia.
3. Neither seclusion nor physical intervention will be used as a form of discipline or punishment, as a threat to control, bully or to obtain compliance, for convenience of school personnel, or when unsafe, unreasonable, or unwarranted. Seclusion is prohibited for addressing behaviors such as general noncompliance, self-stimulation, and academic refusal. Seclusion and physical restraint will not be used after imminent substantial risk of injury no longer exists. Seclusion will not be used to isolate a student from needed educational instruction. Staff will not attempt to gain compliance by reminding a student of behaviors that have resulted in physical restraint or seclusion the past.
4. If a student has a medical or psychological condition that precludes seclusion and/or physical intervention as certified in a written statement by a licensed health care provider, physical restraint will not be used with that student. That student's Individualized Education Plan (IEP) team will develop and implement interventions to address that student's individual needs.
5. No mechanical devices such as stockinettes, web straps, or tie downs will be used for physical restraint. Adaptive devices such as braces, postural aids, and other equipment prescribed through the Individualized Education Plan (IEP) to assist a student to benefit from his/her educational programming are not considered to be restraints.
6. Only school personnel that have specific experiential training in the safe and proper application of prescribed techniques will employ seclusion and physical restraint. Only approved procedures will be used. All trained personnel are required to assist, if needed, when physical transport or restraint is implemented.
7. Physical restraint or seclusion will not serve as the sole means of behavioral intervention and support for any student with a disability. Special education students who have a documented history of physical aggression will have a behavior management plan included as a component of their Individualized Education Plan. This behavior plan will designate when seclusion or physical restraint is used and the behavioral consequences that will follow use of seclusion or restraint. Seclusion and physical restraint used for reasons other than imminent risk of harm and use of procedures contrary to those approved listed shall be considered unreasonable and are strictly prohibited.
8. In an emergency situation, physical restraint or seclusion may be used with any student to prevent injury to that student or others. However, every behavioral incident that involves physical intervention is subject to review by principals, administrative staff, community advocates, and parents. Staff is advised to be extremely cautious when using physical interventions when students do not have such interventions included in their Individualized Education Plans.
9. Personnel will not discuss any aspect of seclusion or physical restraint with any student at any time. Once an incident of seclusion or physical restraint is ended, teachers and others will return to teaching and providing opportunities for students to earn positive reinforcers.
10. When seclusion or physical restraint is implemented, the student's principal or a designee must notify the student's parent or guardian before the end of that school day. The principal must also notify the Director of Student Support Services or a designee before the end of that day and review, sign, and fax a copy of the intervention report (Documentation of Seclusion/Restraint & Seclusion Observation Log) to that Director within 24 hours. A copy of the documents will be forwarded to parents and the school's Behavior Interventionist as soon as possible.
11. After a seclusion/restraint incident, the Special Education teacher will convene the IEP Team within 10 days to review and revise accommodations, modifications, and/or behavior intervention plans in an effort to prevent future occurrences. The Special Education Program Manager for that school must be present at the IEP meeting.
12. Physical Restraint/Seclusion Incident Reporting data will be analyzed at least annually. Procedures will be reviewed and revised as necessary in the interim to ensure appropriateness and effectiveness.

13. Data will be used to track the number of incidents of physical restraint/seclusion by student, staff, and type of incidents, description and number of injuries sustained by student and/or staff and the nature of any such injuries, and other factors such as precipitating events and other observable factors. Related data will be available to parents/guardians of children and other interested parties upon request.

A copy of these guidelines will be provided to parents/guardians of students with disabilities and exceptional students at age of majority at least annually either as a freestanding document or as a component of a more comprehensive Students Rights and Responsibilities Handbook.

DISCIPLINARY ALTERNATIVE PROGRAM (DAP)

The purpose of the Disciplinary Alternative Program is to provide an alternative learning environment for those students whose behavior has dictated the need to remove them from the traditional school setting. A more structured learning environment is established to promote responsibility and foster a desire to follow the rules and guidelines in order to return to the home school. This program serves kindergarten through twelfth grades. Students are transferred to the program in lieu of an out-of-school expulsion. Classes are limited to a 15: 1 ratio.

Elementary Eligibility

Eligibility consists of kindergarten through sixth grade students who have violated the Monroe City Schools disciplinary code. There are two options offered to elementary school principals to address behavior issues.

- **Option 1: Long-Term Assignment at Sherrouse**

This is in lieu of an out-of-school expulsion

- **Option 2: Short-Term Assignment at Sherrouse**

A short-term assignment is for a 10- or 15-day placement in lieu of an out-of-school suspension. Acceptance is dependent upon available space. A student may only be assigned twice during a school year for a short-term placement.

The home school principal will refer the student to the principal of Sherrouse with the recommendation of a 10- or 15-day placement. On or before the day of intake an intake packet must be faxed or delivered prior to acceptance.

Student academic and behavior records will be entered into the JPAMS system to maintain continuity. At the end of the 10- or 15-day placement the student will return to his/her home school. The student's records will be turned back over to their home school for access in JPAMS.

Junior and Senior High Eligibility

Eligibility consists of junior and senior high students who have violated the Monroe City School's disciplinary code. Students are assigned for long-term placement in lieu of an out of school expulsion. Students recommended for expulsion by the home school principal to the Child Welfare Director will be provided with a due process hearing. The referral packet is provided by the home school principal to the Child Welfare Director at the hearing. The hearing team consists of the Child Welfare Director and principals or district administrators. The hearing team makes a finding of whether or not the student is guilty of conduct warranting an expulsion and the specified period of the expulsion.

Assignment

Assignment to the program is on a long-term basis. The length of stay is a semester, remainder of the school year or no longer than authorized by Louisiana Law. The Administrative Hearing Team will inform the student and parent/guardian of their determination. All due process activities must be completed with the student, parent/guardian, and the Sherrouse Principal/or designee to go over expectations and requirements of completing their assignment. The DAP principal must obtain approval from the Superintendent before a student's expulsion may be activated.

Students with disabilities can ONLY be placed at Sherrouse by an IEP team decision.

Attendance

Students admitted to DAP continue to be recognized as enrolled at the home school. Attendance requirements of the program meet State and Monroe City School Board Policies. Assigned students are required to attend by state law.

Transitional Students

Any student upon entering or returning to the Monroe City Schools who has been in a secure facility for more than 30 days will be assigned to Sherrouse. The School Building Level Committee of Sherrouse will review the placement of the student every 15 days to determine the student’s readiness to be enrolled into his/her zoned school. Behavior, attendance, and grades will be considered.

Probation

At the end of each grading period, each student's behavior, grades, and attendance will be reviewed by the Sherrouse SBLC committee. If the student makes passing grades, has no more than two level one office referrals and has no more than 2 unexcused absence per grading period, consideration will be given to returning the student to his/her home school on probation for the remainder of his/her assignment. The Sherrouse principal and the home school principal must agree prior to this probation and will consider the severity of the original offense in making this decision. No pupil expelled for firearm, knife, or dangerous weapon or instrumentality or drug related offense shall be admitted or readmitted to schools on a probationary basis until the student produces written documentation, he/she and his/her parent/legal guardian have enrolled and participated or is participating in a rehabilitation/counseling program related to the reasons for the expulsion.

Discipline Action for Offenses

The procedures and consequences in this handbook are designed to be implemented in our schools. This handbook contains excerpts of the school district policy manual which are relative to student behavior. It is important to note that officials and principals have the discretion to impose a more or less severe penalty, unless prohibited by state law, at any time based on the student's past disciplinary record and the seriousness of the offense.

Suspension of Driver's License

Principals may notify the Louisiana Department of Public Safety and Corrections, Office of Motor Vehicles, of any student between the ages of 14 and 18 who has been suspended or expelled from school for ten (10) or more consecutive school days or has been assigned to an alternative educational setting for ten (10) or more consecutive days for:

5. Any search of students, as outlined herein, will be conducted by an authorized person who is the same sex as the person being searched.

Items that may be seized during a lawful search - in addition to those mentioned in paragraph 1 above - shall include, but not be limited to, any item, instrument or material commonly recognized as unlawful or prohibited. Such items, or any items which, in the opinion of the principal or superintendent, may pose a threat to a student, the student body, or other school personnel, shall be seized, identified as to ownership, and held for release to proper law enforcement authorities (within seventy-two hours of seizure) and kept in a secure place until released to proper authorities.
 8. Students found to be in possession of illegal contraband may be subjected to detention, suspension, or expulsion as determined by the principal.
 9. Any public agency official has a right to interview students as suspects or witnesses. The principal/designee must be present. Attempts should be made to contact parents unless the purpose of the interview is for child abuse/neglect. (Board Policy JCAB, JCABA, and JCABB)

Dating Violence ACT 506

Definition: Dating violence can be physical, sexual, verbal, or emotional. A person can be abused without being.

Physically hurt. Violence and abuse should not be part of a relationship. Dating violence is NOT about love or caring. It is about one person trying to control another person.

Questions to determine if dating is abusive:

1. Does your partner insult or make fun of you?
2. Does your partner think their feelings are more important than yours?
3. Is your partner jealous when you want to see your family, friends or be in certain social situations?
4. Does your partner ever try to get you drunk or high?
5. Has your partner ever thrown things, hit, kicked, shoved, strangled, or grabbed you?
6. Do you often apologize or make excuses for your partner's behavior, especially when they have treated you badly?
7. Are you afraid to break up with your partner because they have threatened to hurt you or themselves?
8. Has your partner forced you to do something when you did not want to?

If you answered yes to any of these questions, it may be time to check your relationship. Perhaps you have safely escaped from a violent relationship but are still dealing with the pain. In either situation, there is confidential help and information. Call the **NATIONAL DOMESTIC VIOLENCE HOTLINE** number at **1-800-799-7233** or **1-800-787-3324** TTY or the **Ouachita Family Justice Center** at **1-888-411-1333** emergency line or **318-998-6030** business line.

You have the right to:

Say no, change your mind, have control over your own body, set your own limits and have those limits respected, not be physically, sexually, verbally or psychologically hurt by anyone – friends, family members, dates or strangers, ask for help when you need it, pursue your own interests, be friends with anyone you choose, and break up and fall out of love with someone and not feel afraid.

How can I help a friend?

1. **LISTEN.** Give your undivided attention. Let them know that you have heard what they said.
2. **BELIEVE.** Believe what they are telling you. It takes strength and courage for your friend to tell you.
3. **DO NOT JUDGE.** Be careful not to make judgments about decisions they have made or their situation.
4. **TRY TO UNDERSTAND WHAT THEY ARE SAYING.** Devote your efforts to understanding the thoughts, feelings and experiences they have shared with you, not to finding out what you want to know.
5. **BE SUPPORTIVE.** Support their feelings and their choice to share them with you and acknowledge that it may have been difficult to do so.
6. **REMIND THEM THAT THEY ARE NOT RESPONSIBLE FOR THE VIOLENCE OR ABUSE.** They may feel that they have done something wrong, but explain the abuser is the one who is at fault.
7. **SUPPORT THEIR RIGHT TO MAKE THEIR OWN CHOICES.** Sometimes we think we know what is best. Remember that they have the right to make their own decisions.
8. **PROVIDE RESOURCE INFORMATION.** Give them the telephone number of a local domestic violence program **1-888-411-1333** or the **National Domestic Violence Hotline 1-800-799-7233.**
9. **EDUCATE YOURSELF.** Understand the dynamics of dating violence and the options that are available.
10. **PROTECT PRIVACY.** Protect your friend's privacy. They have chosen to share with you. It's not your place to tell others.

Parent Information

Parents' Rights Under NCLB

Parents play a huge part in their children's education. *No Child Left Behind* (NCLB) gives parents many new rights relating to their child's education and requires school to involve parents in meaningful ways.

You have the right to...

Learn about Your Child's School

Under NCLB, schools and school districts are required to send home a report card that tells how well students at the school and in the district are doing. ***School and district report cards*** must be easy to understand and available in different languages. In MCS, school report cards are sent home through the mail or with students when available and may be viewed online at the Monroe City Schools website at www.mcschools.net

Know Your Child's Teachers

Under NCLB, parents have the right to request information about the ***quality of your child's teachers***. Teachers in core subjects must be "highly qualified", meaning they have a Bachelor's degree or higher, a teacher's license, and knowledge and skills in the subject they will be teaching. If your child has a teacher who is not highly qualified for more than four weeks in a row, the school must let you know. You can also ask for information about a teacher's qualifications at any time; you may have to ask in writing.

Support Your Child's Education

Under NCLB, every school must have a ***school/home/parent compact***. The school/home/student Compact describes what the school and teachers will do to help students learn. The compact will also include a section that describes what parents and students are expected to do. Use it as a guide for your role in supporting your child's education. In MCS, the school/home/student compact is sent home for parents to sign at the beginning of the school year.

Have a Voice at Your Child's School

Under NCLB, every school and district must have a written ***Parental Involvement Policy*** that describes how parents will be involved as partners in their child's education. Parents must be involved in writing the policy. In MCS, every school is required to have a ***Parent Advisory Committee (PAC)***. PACs give you a voice in what happens at your child's school. Every parent is a member of their child's school's PAC, but it helps to be an active member. Call your child's school for more information. For information regarding the district's PAC, please call 387-6511, Ext 5017 and ask for the Parent Involvement coordinator.

PARENTAL INVOLVEMENT IN EDUCATION

The Monroe City School Board believes that a child's parents are not only the child's first teachers, but they also are the most important teacher that the child will have. The School Board, the school administration and staff, the parents, and the community have the responsibility of nurturing and enhancing each child's intellectual abilities and developmental skills. Clearly, schools must work more closely with parents to effectively address the needs of children. The Monroe City School Board is dedicated to providing appropriate help, both to the schools and to the parents, in the development of a team effort toward this goal.

DISTRICT RESPONSIBILITIES AND SERVICES

1. The Monroe City School Board shall provide parents with information regarding the district's plans for implementation of the *No Child Left Behind Act of 2001* (NCLB).
2. The Monroe City School Board shall hold an annual district-wide meeting so that parents can have the opportunity to review the district's NCLB Title I Program.
3. The Monroe City School Board shall provide notice in local newspapers of the availability of the district's Title I Program *Application* for public review and comment.
4. The Monroe City School Board's Title I Program shall provide to parents of participating students a copy of the district's parent involvement policies and involve parents in the maintenance of these policies.
5. The Monroe City School Board parental involvement program shall include activities and procedures of sufficient size, scope, and quality as to provide reasonable assurance of substantial progress toward achieving the goals for school improvement and parent involvement as the implementation of the *No Child Left Behind Act of 2001*.

ATTENDANCE

In accordance with state law, it is the responsibility of every parent, tutor, or legal guardian of a child between the ages of seven (7) and eighteen (18) to enforce the attendance of his or her child at the school to which the student is assigned. Once a pupil arrives at school, he/she is expected to remain and attend each class throughout the day.

A student is considered to be in attendance when he or she is physically present at a school site or is participating in an authorized school activity and is under the supervision of authorized personnel. This definition for attendance would extend to students who are homebound, assigned to and participating in drug rehabilitation programs that contain a state-approved education component, participating in school-authorized field trips or other school-approved activities, or taking a state-approved virtual course.

- *Half-day attendance* - A student is considered to be in attendance for one-half day when he or she (1) is physically present at a school site or is participating in an authorized school activity and (2) is under the supervision of authorized personnel for more than 25% but not more than half (26%-50%) of the student's instructional day.
- *Whole-day attendance* - A student is considered to be in attendance for a whole day when he or she (1) is physically present at a school site or is participating in an authorized school activity

and (2) is under the supervision of authorized personnel for more than 50% (51%-100%) of the student's instructional day.

Compulsory attendance laws and Louisiana Board of Elementary and Secondary Education (BESE) regulations require high school students to be in attendance a minimum of 30,060 minutes (equivalent to 83.5 six-hour school days) per semester or 60,120 minutes (equivalent to 167 six-hour school days) a school year for schools not operating on a semester basis in order to be eligible to receive credit for courses taken.

Elementary students shall be in attendance a minimum of 60,120 minutes (equivalent to 167 six-hour days) a school year to be eligible to receive credit for courses taken.

Students in danger of failing due to excessive absences may be allowed to make up missed time in class sessions held outside the regular class time. The make-up sessions must be completed before the end of the current semester and all other applicable policies must be met.

JURISDICTION

All students shall be under the jurisdiction of the school during normal school hours, from the time the student arrives at school each day until he or she leaves the school campus in the afternoon. In case a student rides a bus, he or she shall be under the jurisdiction of the school from the time he or she boards the bus until the student exits the bus in the afternoon. Students shall be under the jurisdiction of the school while attending any school sponsored activity either at school or away from school. This shall apply to all students, including athletic teams, pep clubs, band and other student organizations. In disciplinary matters, the School Board's authority may extend beyond the limits set forth above, in accordance with state law.

COMPULSORY SCHOOL ATTENDANCE AGES

Except as provided by law, every child in the state is required by state law to attend public or private school from the child's seventh (7th) birthday until his/her eighteenth (18th) birthday, unless the child graduates prior to his/her eighteenth (18th) birthday. Any child below the age of seven (7) who legally enrolls in school shall also be required to attend school. If a child in these age brackets was a resident of this city when school opened and enters school late without having attended another public or private school or approved home study program during the current school session within or without the city, a statement should be secured from the parents or guardian giving the reasons why the child has not been in school. If these reasons are not satisfactory, the matter should be referred to the Supervisor of Child Welfare and Attendance, who may find it necessary to refer it to the proper court.

EXCEPTIONS

1. Children mentally, physically, or emotionally incapacitated to perform school duties, and children unable to profit from further school experience, such exceptions to be certified in writing by a psychiatrist, psychologist, recognized evaluation centers or clinics, or other professionally qualified person or agency designated by the Board.
2. Children temporarily excused from school, as follows:
 - A. Children who are ill and whose attendance in school would endanger their own health or that of their classmates, and who have a certificate of a physician or nurse practitioner licensed to practice in Louisiana verifying said illness.
 - B. Children in whose families there is serious illness which would reasonably necessitate the absence from school, if in the judgment of the Supervisor of Child Welfare and Attendance, such absence is justified, or if the illness is substantiated in writing by a licensed Louisiana physician or nurse practitioner.
 - C. Children in whose immediate family a death has occurred, such absence is not to exceed one week because of and at the time of such death.
 - D. Children whose religious faith requires absence for the observance of a special and recognized holyday of the child's own faith.
 - E. Children whose parent is a member of United States Armed Forces or National Guard of a state and such parent has been called to duty for, or is on leave from, overseas deployment to a combat zone or combat support posting, such leave not to exceed five (5) school days per school year for child to visit the parent.
3. Any minor employed to perform or render artistic or creative services under a contract pursuant to statutory provisions.

Certain exceptions to the compulsory attendance laws are allowed as provided by state law and included in policy [JBD, Absence and Excuses](#). In addition, statues provide for the following:

1. The parent, tutor, or other person responsible for the school attendance of a child between the ages of sixteen (16) and eighteen (18) who is enrolled in school may request that the student be allowed to attend an effective adult education program or a career and technical education program.
2. A child who is at least seventeen (17) years of age and who, after successfully completing a program established by the Louisiana Board of Elementary and Secondary Education, has been issued a Louisiana high school equivalency diploma in accordance with criteria established by the Louisiana Board of Supervisors of Community and Technical Colleges shall be considered exited from high school and shall not be subject to compulsory attendance laws.

Compulsory attendance does not apply to any child who is under the age of seventeen (17) and is attending or seeking admission to a National Guard Youth Challenge Program in Louisiana.

FAILURE TO COMPLY

Failure to abide by the compulsory school attendance laws of the state may result in a referral to *Families in Need of Services* (FINS), which is a state mandated program, or to the District Court with jurisdiction.

STUDENT ASSIGNMENT

ATTENDANCE ZONE REQUIREMENTS

The Monroe City School Board shall have authority and responsibility for the assignment, placement, transfer, and continued education of all students attending schools within its jurisdiction. The School Board shall generally require a student to attend the appropriate school as determined by the domicile of the parent or legal guardian unless the School Board assigns the student to another school.

DOMICILE

Each student shall have only one residence (domicile) which is determined to be the place where he/she predominantly sleeps, takes meals, and maintains personal belongings. To establish domicile in the Monroe City School District, a parent or legal custodian must present sufficient information which supports both that the parent, legal custodian, or caregiver is actually domiciled within the Monroe City School Board jurisdictional school boundaries and confirm that the child under his or her care, custody and/or control is actually domiciled with that parent or legal custodian.

When legal custody has been awarded by a court of law, the domicile shall be the principal residence of the parent/guardian awarded primary or domiciliary custody, or if the student is eighteen (18) years old or has been emancipated by a court order, by the student's own domicile, if not specifically contrary to the provisions of an order of a court of competent jurisdiction providing for the assignment of students.

Proof of Domicile

When examining the domicile of a student, the School Board through the principal shall attempt to verify the domicile (primary place of residence) of the legal parent or guardian.

Documents presented as proof of residence must bear the name and current legal address of the student's parent/legal guardian. A minimum of two (2) of the following acceptable documents must be included:

1. lease agreement;
2. two (2) current utility bills or deposit;
3. copy of an agreement to purchase or an act of sale for a completed dwelling;
4. copy of an agreement to purchase or an act of sale for a residential lot entered into by the parent/legal guardian of the child, and a notarized statement from a contractor indicating the anticipated date of completion of a dwelling on the lot (said completion date not to exceed sixty (60) calendar days);
5. legal document issued by or approved by the appropriate District Court for giving control and custody to the adult(s) if other than the student's legal parent(s) with whom the student resides, if the student is sixteen (16) years of age or under;
6. legal document verifying student's emancipation and/or legal proof of residence as required;
7. legal document issued by or approved by the U.S. Office of Immigration and Naturalization;

If none of these documents can be provided, the school principal shall give the parent/legal guardian or student(s) fifteen (15) school days to produce an acceptable document to prove residence.

8. parent/legal guardian ID

LEGAL CUSTODY

Legal custody is defined as the legal status created by a **court order** which establishes in a custodian the right to have physical custody of the child or minor. Proof of legal or domiciliary custody, or guardianship, or judicially ordered tutorship, shall be a certified copy of the decree of the court which issued the custody order, whether the order grants temporary or permanent custody. The school principal or his/her designee shall be responsible for monitoring the school enrollment list and shall immediately refer to the Supervisor of Child Welfare and Attendance the determination of proper school assignment.

Non-Parental Custodian

Custodians of a student other than a parent or legal guardian, shall also provide the School Board with **court order document from the court and/or custody order signed by the Judge or his/her designee**, stating that the student shall be living in the custodian's home for a period of time encompassing the entire upcoming school year, and fully explaining the reason(s) (other than school attendance zone) for this arrangement. **Provisional Custody by Mandate is not accepted in Monroe City School District.**

SCHOOL ASSIGNMENTS

The School Board shall require a student to attend the appropriate school located in the attendance zone in which the student's domicile is located.

The School Board, however, reserves the authority to assign a student living in one school district to attend school in another district if circumstances warrant. The parent or legal guardian of a pupil may file in writing to the Board an objection to the assignment of the pupil, in which case the Board shall review the assignment and investigate the circumstances to render a decision. However, no decision of the Board in response to an objection to the assignment of the pupil shall conflict with the student assignment provisions of any court-ordered judgment.

Any child temporarily residing within the district who has no permanent address, or who has been abandoned by his/her parent, or who is in foster care, shall be enrolled and allowed to attend school in the zone appropriate to the special circumstance of the child. Surrogate parents may be appointed when appropriate for special needs students.

ATTENDANCE OUT OF ZONE

Attendance out of zone may be allowed whenever a mental or physical impairment, medical condition, or other exceptional condition requires services which are unavailable at the school in the child's regular attendance zone (see policy *JBCD, Student Transfer and Withdrawal*), provided that a student requesting transfer for medical reasons and taking elective courses not offered at his/her regular school satisfies the following criteria:

1. Transfers requested for medical reasons must be verified by a physician's statement.
2. The parent or legal guardian must provide transportation.
3. The transfer must not create an overcrowded condition.
4. Children of Employees of the Monroe City School Board

The child of an employee of the Monroe City School Board who resides in Monroe City School Board jurisdictional boundaries may be granted permission to enroll in the school where the parent is employed. Permission shall be granted in accordance with the procedure outlined for granting transfers ([JBCD](#)).

A student who does not actually reside in the geographical boundaries of Monroe City Schools shall not generally attend a public school in the District. However, if in the opinion of

the Superintendent or superintendent's designee, a child of an employee of the Monroe City School Board may enroll without creating an undue hardship in respect to overcrowding, or materially impacting the racial balance at the school, he/she may attend school in the Monroe City School District, unless specifically prohibited by any existing or future final court order.

ASSIGNMENTS FOR DISABLED STUDENTS

The School Board shall require that disabled students be assigned to programs within attendance zones, if possible. However, if an appropriate program is unavailable within a student's attendance zone, the student may be placed in a school specifically designed to provide for the appropriate needs of the student as stipulated by the IEP committee.

GRADE ASSIGNMENT

Student assignments in K through 8 will be made by the principal of the school with teacher input. The placement of a student shall be based on grades, achievement test scores, and participation in special programs and be made in accordance with the *Pupil Progression Plan* for the Monroe City School Board.

CLASSROOM ASSIGNMENT

Selection of courses of study in grades 9 through 12 shall be made by individual students. Assistance in planning for a student's course of study and selection of classes shall be provided by teachers, counselors, parents, and administrators. Each student shall be furnished a schedule of classes offered and requirements for graduation. Some classes may have prerequisites for enrollment. The last day for a schedule change for secondary students (grades 9-12) shall be ten (10) days after the beginning of the school year, except in extenuating circumstances, as appealed to and approved by the Superintendent or his/her designee.

In grades kindergarten through second grade, the parent of twins, triplets, etc. (more than one child at a single birth event) may request that their children be placed initially in the same, or separate, classrooms, if the children are in the same grade at the same school. Such a request shall be presented to the Superintendent or his/her designee no later than fourteen (14) days either after the first day of the school year or after the first day of attendance if the child enrolls after the fourteenth day of the school year. Notwithstanding any law, rule, regulation, or School Board policy to the contrary, the request of the parent for initial placement shall be granted subject to further review.

As soon as possible after the end of the student's first grading period, the Superintendent or his/her designee shall review the initial placement of the child. If the Superintendent or his/her designee, in consultation with the school principal, the child's(ren's) teacher(s), and the parent, determines that the initial placement of the children is disruptive to the school or is not in the best educational interests of the child(ren), the initial placement of the child shall be modified, and the child(ren) shall be placed in accordance with School Board policy otherwise applicable to the child(ren).

Signs of high visibility informing the general public of the School Board's authority to search shall be posted at entrances to all School Board buildings and facilities.

Upon finding any prohibited items, the student shall be automatically suspended and/or recommended for expulsion by school authorities, according to School Board discipline policies and provisions. Investigative facts and/or seized items shall be immediately turned over to the proper law enforcement officials when criminal violations are indicated.

WRITTEN RECORD OF SEARCH

Whenever any search is conducted pursuant to this policy, as soon as is reasonably practical a written record shall be made thereof by the school administrator/designee conducting the search and such record shall include the name of the student and/or person(s) involved, the circumstances leading to the search and the results of the search. This written, dated, and signed record shall be filed and maintained in the school administrator's office, and a copy of it shall be sent to the Superintendent within five (5) days. The student(s) and parent(s)/guardian(s) shall be given a written receipt for any item(s) seized and/or impounded by the school administrator/ designee.

No actions taken pursuant to this policy by any teacher, principal, administrator, or school security guard employed by the School Board shall be taken maliciously or with willful and deliberate intent to harass, embarrass or intimidate any student.

SEARCH OF VEHICLES

The School Board shall require students who bring vehicles on campus to register those vehicles and to provide the school authorities with consent *to search* of such vehicle signed by the student, parents and/or owner of the vehicle. Any vehicle parked on School Board property may be searched without consent at any time by a school administrator/designee when such school administrator/designee has articulable facts which lead the school administrator/designee to a reasonable belief that weapons, dangerous substances or elements, illegal drugs, alcohol, stolen goods, or other materials or objects the possession of which is a violation of law, School Board policy or school regulations will be found. Searches may also be conducted to assure compliance with health, safety, and/or security laws, rules, or regulations. Such searches shall be conducted in the presence of the student whenever possible.

If the automobile is locked, the student shall unlock the automobile. If the student refuses to unlock the automobile, proper law enforcement officials shall be summoned, and the student shall be subject to disciplinary action and may be banned from parking any vehicle on school property. Any student not present during the search shall be informed of the search immediately thereafter.

USE OF CANINES

The school administration is authorized to utilize canines, whose reliability and accuracy for sniffing out controlled substances, drugs, alcohol, guns, knives, weapons, or other materials or objects which are a violation of School Board policy have been established, to aid in the search for contraband or other prohibited items in school-owned property and vehicles parked on school property. Canines shall not be used to search students unless school officials have established independently that there is reasonable belief that the student possesses such items on his/her person. The canines must be accompanied by a qualified and authorized law enforcement handler who shall be responsible for the dog's actions. An indication by the dog that drugs, alcohol, weapons, or any other item of violation is present on school property or in a vehicle shall be reasonable cause for further search by school officials.

Random Searches

1. The narcotics detection dog or search team shall be used to make random searches of any school facility or surrounding area.
2. The narcotics detection dog or search team may be used to search a student's clothing and personal objects when these are separated from the student. At no time shall a student be asked to strip nude for purposes of a random search.
3. Random searches on school campuses shall be conducted according to a plan or schedule to be agreed upon by the appropriate School Board administrator and the responsible law enforcement officer in charge of this program.
 - A. The use of the narcotics detection dog at any particular school campus shall be unannounced and without forewarning. The law enforcement official in charge of the operation shall, however, report to the principal's office, properly identify themselves and state their purpose prior to any use of the narcotics detection dog on campus.
 - B. The principal shall accompany the search team, if he/she so desires, at any time the search is being conducted within the school campus for which he/she is responsible, unless he/she has been specifically notified by the Superintendent not to accompany the search team. The principal must, of course, accompany the search team if specifically ordered to do so by the Superintendent or his/her designee.

CONFISCATION

Should contraband (such as weapons, illegal drugs, unauthorized telecommunication devices including any facsimile system, radio paging service, mobile telephone service, intercom, or electronic-mechanical paging system or other prohibited objects) be discovered, the person conducting the search shall notify the school principal or designee who shall take appropriate action. Any contraband (legal or illegal) under the control of the school shall be retained, cataloged, and secured in such a manner as to prevent the destruction, alteration, or disappearance of it until such time as law enforcement authority either takes custody of the contraband or provides notice to the school principal that it no longer be retained.

Upon proper school personnel confiscating any firearm, bomb, knife, or other implement which could be used as a weapon, or any controlled dangerous substance, the principal or designee shall report the confiscation to the proper law enforcement officials. Parents shall be notified of any item impounded. Any principal or designee failing to report any prohibited weapon or confiscated material or implement to the proper law enforcement officials or failing to properly secure any weapon or confiscated material or implement shall be subject to appropriate disciplinary action as may be determined by the Superintendent and/or Board.

Non-illegal contraband shall be returned to the parent/guardian of the student within the first two (2) weeks after the end of the school year. The parent/guardian shall be responsible for making arrangements with the principal to retrieve the item(s). If the item(s) is/are not so retrieved, the principal shall convey the item(s) to a charitable entity, unless the item(s) has no practical value, in which case the principal shall dispose of the item(s).

INDEMNIFICATION

Indemnification of any Board employee who is sued for damages based on any act or omission in the directing of and disciplining of school children shall be made by the Monroe City School Board to the extent required by state law.

SEARCHES OF STUDENT'S PERSON

The Monroe City School Board authorizes any teacher, principal, school security guard, or administrator under the employ of the School Board to search a student's person or his or her personal effects when, based on the attendant circumstances at the time of the search, there are reasonable grounds to suspect that the search will reveal evidence that the student has violated the law, a school rule, or a School Board policy. Searches may also be conducted to assure compliance with health, safety, and/or security laws, rules, or regulations. Such a search shall be conducted in a manner that is reasonably related to the purpose of the search and not excessively intrusive in light of the age or sex of the student and the nature of the suspected offense. Strip searches are specifically

prohibited.

If a school administrator suspects the presence of firearms, weapons (defined as *dangerous instrumentalities*), illegal drugs, stolen goods, or other materials or objects the possession of which is a violation of School Board policy, random searches with a metal detector of students or their personal effects may be conducted at any time, provided they are conducted without deliberate touching of the student.

Any search of student's person, pat-down or otherwise, shall be done privately by one of the persons above authorized and of the same sex as the student to be searched. At least one (1) witness who is a school administrator or teacher, also of the same sex as the student, shall be present during the search. Detailed documentation shall be made of all searches. Items which are specifically prohibited by law, School Board policy or school regulations shall be immediately seized. The school administrator/designee shall immediately contact the student's parent/guardian, appropriate law enforcement agency (when appropriate) and the Superintendent. The Superintendent, upon further investigation, shall notify the School Board.

Upon any such violations, the student(s) shall be automatically suspended and/or recommended for expulsion by school authorities, as appropriate. Investigative facts and/or seized items shall be immediately turned over to the proper law enforcement officials.

REFUSAL OF A STUDENT TO SUBMIT TO A SEARCH

When a compulsory search of a student's property or person is ordered by a principal based on reasonable suspicion, a student must submit to such a search. Any student who refuses to submit to a compulsory search of his property or person will be immediately suspended by his principal, and is to be immediately recommended for expulsion by the principal all in accordance with due process.

PROCEDURES

The following procedures should be followed when practicable:

1. Whenever a search is warranted, unless safety or time factor is involved, two (2) school officials including at least one administrator, should be present.
2. If a safety factor is obvious and/or it is evident that delay of a search might permit the student to rid his/her person, locker or other area of suspected illegal drugs and/or weapons, the principal or his/her designee, teacher or other administrator may initiate an immediate search.
3. Before a compulsory search is initiated, the student should be afforded an opportunity to submit to a voluntary search.
4. Whenever possible, teachers should have the principal, his/her designee and/or an administrator present when conducting a search.
5. Whenever legal action is intended, the office of the Superintendent shall be notified, the law enforcement agency of the parish must be called, and a search warrant must be obtained.
6. If a mass search of an individual's person, desks, lockers or of other school areas is to be conducted, the principal should notify the Superintendent's office in advance of the search for a ruling on the reasonableness or probable cause. This provision may be waived at the discretion of the principal or his/her designee if the health and safety of a student or students justifies immediate action.
7. The principal or his/her designee must keep on record all searches, including the student's name, date and time of the search, reason for the search, the persons conducting the search and the disposition of each case.
8. The designee for the search of any student's person shall be the same sex as the student.

WRITTEN RECORD OF SEARCH

Whenever any search is conducted pursuant to this policy, as soon as is reasonably practical, a

written record shall be made thereof by the school administrator/designee conducting the search, and such record shall include the name of the student and/or person(s) involved, the circumstances leading to the search and the results of the search. This written, dated and signed record shall be filed and maintained in the school administrator's office, and a copy of it shall be immediately sent to the Superintendent. The student and parent(s)/guardian(s) shall be given a written receipt for any items seized and/or impounded by the school administrator/designee.

CONFISCATION

Upon proper school personnel confiscating any firearm, bomb, knife, or other implement which could be used as a weapon, or any controlled dangerous substance, the principal or designee shall report the confiscation to the proper law enforcement officials. Any implement or material confiscated shall be retained, cataloged, and secured by the principal so as to prevent the destruction, alteration, or disappearance until such time as the implement or material is given to law enforcement personnel for disposal. Parents shall be notified of any item impounded. Any principal or designee failing to report any prohibited weapon or confiscated material or implement to the proper law enforcement officials or failing to properly secure any weapon or confiscated material or implement shall be subject to appropriate disciplinary action as may be determined by the Superintendent and/or Board.

INDEMNIFICATION

Indemnification of any Board employee who is sued for damages based on any act or omission in the directing of and disciplining of school children shall be made by the Monroe City School Board to the extent required by state law.

USE OF METAL DETECTORS

The Monroe City School Board recognizes that it has an obligation to adopt all steps necessary to provide a safer environment for the students, staff and public under its jurisdiction. Therefore, the School Board authorizes the use of metal detectors to minimize the presence of implements that may be used as weapons on Board-owned property and/or campuses or at school sponsored events. Searches with metal detectors may be performed by law enforcement agencies or school personnel or a combination of both parties. All guidelines in the Monroe City School Board's *Policy Manual* concerning searches of a student, employee, and/or other person, shall apply when metal detectors indicate the presence of an item(s) on a student's, employee's and/or any other subject's person or in his/her personal effects. The use of metal detectors shall be approved by administrative personnel prior to implementation of a search.

GUIDELINES

The use of metal detectors, whether stationary or hand-held, for the search of students, employees and/or other persons shall be in accordance with the following guidelines:

1. When metal detectors are used, the individuals to be searched shall be requested to remove all metal objects from their pockets along with any bags, parcels, or other containers being carried. If the detector activates on a person, the individual conducting the search shall request that any remaining metal objects be removed. If the detector activates again, the individual shall be personally searched by an administrator of the same sex. At least one witness, also of the same sex as the individual, shall be present throughout the search. The personal search shall be conducted only in the area of the body which activated the metal detector. The object causing the metal detector to activate shall be removed and the individual searched with the metal detector again. The search shall continue until the metal detector ceases to activate on the subject's person.
2. At the start of each school year, parents and students shall receive written notification of the school district's policy to conduct unannounced searches of students, school employees and any other person on School Board property and at school sponsored events. Once said notices have been disseminated, these unannounced search procedures shall be implemented on a district-wide basis.
3. Students shall be given notice that they are subject to a search with a metal detector or by other means authorized, as a condition of entry in school, bus, or school activity, and that by the fact of their entry, they shall be deemed to have freely and voluntarily consented to such search of their persons and/or possessions.

The Board directs that each student shall be specifically prohibited from being under the influence of, bringing on, consuming, or having in his possession on a school bus, on school premises, or at a school function away from the school, any alcoholic beverages, intoxicating liquors, narcotic drugs, prescription medications, marijuana, inhalants, vaping, electronic cigarettes, imitation or counterfeit controlled substances, or other controlled substance as defined by state statutes, unless dispensed by a licensed physician as allowed by state law. The Superintendent shall be responsible for maintaining appropriate procedures for the detection of alcohol, drugs, or any imitation or other controlled substances. Any student found in violation of the above shall be suspended and recommended for expulsion by the principal.

Any violations of criminal laws, state or federal, committed on school property shall be prosecuted as provided by law. The principal shall immediately notify the parents or guardian, by telephone, of any student found in violation of this policy. If the parents or guardian cannot be reached by phone, the principal shall then notify them of the action by sending a letter within twenty-four (24) hours. Care shall be given to afford due process to all students.

REPORTS OF SUBSTANCE ABUSE

State law mandates that teachers and other school employees report suspected substance abuse in school. These cases shall be reported to the principal and the *Substance Abuse Prevention Team* in the school. The principal must report each case of possession, distributing, sales or manufacturing to the proper law enforcement authority. Reports shall also be made to the appropriate person at each school, who shall investigate, research, and report on instances or reports of possession of prohibited substances or beverages. Designated personnel shall report its findings along with the recommendation for treatment, counseling or other appropriate action to the principal.

DRUG-FREE ZONES

It is unlawful for anyone to use, distribute, be under the influence of, manufacture or possess any controlled substances as defined by statute on or around school property or an area within 2000 feet of any property used for school purposes by any school, or on a school bus. These areas shall be designated as *Drug-Free Zones*. The Monroe City School Board, in cooperation with local governmental agencies, and the Louisiana Department of Education, shall designate and mark *Drug-Free Zones* which surround all schools and school property.

Students and their parents/guardians shall be notified that the school, school bus, and all other school environments are to be safe and secure for all. Therefore, all statements or actions of bullying, hazing, or similar behavior made on campus, at school-sponsored activities or events, on school buses, at school bus stops, and on the way to and from school shall not be tolerated. 3. The pattern of behavior as provided above must have the effect of harming a student, placing the student in reasonable fear of physical harm, damaging a student's property, placing the student in reasonable fear of damage to the student's property, or must be sufficiently severe, persistent, and pervasive enough to either create an intimidating or threatening educational environment, have the effect of substantially interfering with a student's performance in school, or have the effect of substantially disrupting the orderly operation of the school.

Hazing shall mean any knowing behavior, whether by commission or omission, of any student to encourage, direct, order, or participate in any activity which subjects another student to potential physical, mental, or psychological harm for the purpose of initiation or admission into, affiliation with, continued membership in, or acceptance by existing members of any organization or extracurricular activity at a public elementary or secondary school, whether such behavior is planned or occurs on or off school property, including any school bus and school bus stop. Hazing does not mean any adult-directed and school-sanctioned athletic program practice or event or military training program.

Any solicitation to engage in hazing, and the aiding and abetting another person who engages in hazing shall be prohibited. The consent stated or implied, of the hazing victim shall not be a defense in determining disciplinary action.

NOTICE TO STUDENTS AND PARENTS

The School Board shall inform each student, orally and in writing, at the required orientation conducted at the beginning of each school year, of the prohibition against bullying, hazing, or similar behavior of a student by another student; the nature and consequences of such actions; including the potential criminal consequences and loss of driver's license, and the proper process and procedure for reporting any incidents involving such prohibited actions. A copy of the written notice shall also be delivered to each student's parent or legal guardian.

REPORTING

The principal or his/her designee shall be authorized to receive complaints alleging violation of this policy. All employees, parents, volunteers, or any other school personnel shall report alleged violations to the principal or his/her designee. The reporting of incidents of bullying, hazing, terrorizing, or similar behavior shall be made on the *Bullying Report* form, which shall include an *affirmation of truth*. Any bullying, hazing, terrorizing, or similar behavior report submitted, regardless of recipient, shall use this form, but additional information may be provided.

Students and Parents

Any student who believes that he/she has been, or is currently, the victim of bullying, hazing, or similar behavior, or any student, or any parent or guardian, who witnesses bullying, hazing, terrorizing, or similar behavior or has good reason to believe bullying, hazing, terrorizing, or similar behavior is taking place, may report the situation to a school official, who in turn shall report the situation to the principal or his/her designee. Any report shall remain *confidential*.

School Personnel

Any school employee, whether full- or part-time, and any parent/volunteer chaperoning or supervising a school function or activity, who witnesses or learns of bullying, hazing or similar behavior from a student or parent, immediately shall

report the incident to the principal or his/her designee. Verbal reports shall be submitted by the employee or parent/volunteer on the same day as the employee or parent/volunteer witnessed or otherwise learned of the incident, and a written report shall be filed no later than two (2) days thereafter.

All other members of the school community, including students, parents or legal guardians, volunteers, and visitors shall be encouraged to report any act that may be a violation of this policy to the principal or his/her designee.

False Reports

Intentionally making false reports about bullying, hazing or similar behavior to school officials shall be prohibited conduct and shall result in appropriate disciplinary measures as determined by the School Board.

INVESTIGATION PROCEDURE

Investigations of any reports of bullying, hazing or similar behavior of a student shall be in accordance with the following:

1. Timing

The school shall begin an investigation of any complaint that is properly reported and that alleges the prohibited conduct the next business or school day after the report is received by the principal or his/her designee. The investigation shall be completed as expeditiously as possible, but not later than ten (10) school days after the date the written report of the incident is submitted to the principal or his/her designee. If additional information is received after the end of the ten-day period, the school principal or his/her designee shall amend all documents and reports required to reflect such information.

2. Scope of Investigation

An investigation shall include documented interviews of the reporter, the alleged victim, the alleged bully or offender, and any witnesses, and shall include obtaining oral, visual, or written evidence, including, but not limited to statements, writings, recordings, electronic messages, and photographs. Interviews shall be conducted privately, separately, and confidentially. Unless necessary for the purpose of the investigation, the alleged offender and alleged victim shall not be interviewed together.

The principal or his/her designee shall collect and evaluate all facts using the *Bullying Investigation* form.

3. Parental Notification

Upon receiving a report of bullying, hazing, or similar behavior, the school shall notify the parents or legal guardians of the alleged offender and the alleged victim no later than the following business or school day. Delivery of notice to the parents or legal guardians by an involved student shall **not** constitute the required parental notice.

Before any student under the age of eighteen (18) is interviewed, his/her parent or legal guardian shall be notified by the principal or his/her designee of the allegations made and shall have the opportunity to attend any interviews with their child conducted as part of the investigation.

All meetings with the parents or legal guardians of the alleged victim and the parents or legal guardians of the alleged offender shall be in compliance with the following:

A. Separate meetings shall be held with the parents or legal guardians of the alleged victim and the parents or legal guardians of the alleged offender.

B. Parents or legal guardians of the alleged victim and of the alleged offender shall be informed of the potential consequences, penalties, and counseling options. In any case where a teacher, principal, or other school employee is authorized to require the parent or legal guardian of a student who is under the age of eighteen (18) and not judicially emancipated or emancipated by marriage to attend a conference or meeting regarding the student's behavior and, after notice, the parent, tutor, or legal guardian willfully refuses to attend, the principal or his/her designee shall file a complaint, pursuant to Louisiana Children's Code, Article 730 or 731, with a court exercising juvenile jurisdiction. The principal may also file a complaint on the grounds the student is a truant or has willfully and repeatedly violated school rules, or any other applicable ground when, in his/her judgment, doing so is in the best interests of the student.

4. Documentation

At the conclusion of an investigation of bullying, hazing, or similar behavior, and after meeting with the parents or legal guardians, the principal or his/her designee or School Board shall:

- A. Prepare a written report containing the findings of the investigation, including input from students' parents or legal guardians, and the decision by the principal or his/her designee or school system official. The document shall be placed in the school records of both students.
- B. Promptly notify the reporter/complainant of the findings of the investigation and whether remedial action has been taken, if such release of information does not violate the law.
- C. Keep reports/complaints and investigative reports confidential, except where disclosure is required to be made by applicable federal laws, rules, or regulations or by state law.
- D. Maintain reports/complaints and investigative reports for three (3) years.
- E. As applicable, provide a copy of any reports and investigative documents to the School Board for disciplinary measures, or to the Louisiana Department of Education, as necessary.

During the pendency of an investigation, the school district may take immediate steps, at its discretion, to protect the alleged victim, students, teachers, administrators or other school personnel pending completion of the investigation.

Handling Evidence

Whenever an employee/administrator receives notice of bullying, hazing, or similar behavior, any physical evidence of the act/communication shall be secured in the building administrator's office with as little physical contact as possible. If the act/communication is in the form of graffiti, the area shall be sealed off by the building administrator. Photographs shall be taken as soon as possible. Student/public exposure shall be as minimal as possible. Graffiti shall not be removed until law enforcement has properly examined the area.

APPEAL

If the school principal or his/her designee does not take timely and effective action in any bullying incident, the student, parent, or school employee may report, in writing, the incident to the School Board. The School Board shall begin an investigation of any properly reported complaint that alleges prohibited conduct the next business day during which school is in session after the report is received by the School Board.

If the School Board does not take timely and effective action, the student, parent, or other school employee may report any bullying incident to the Louisiana Department of Education.

DISCIPLINARY ACTION

Once a report has been received at a school, and a school principal or his/her designee has determined that an act of bullying, hazing or similar behavior has occurred, and after having met with the parent or legal guardian of the student involved, the principal or his/her designee, or applicable school official shall take prompt and appropriate disciplinary action against the student, and report criminal conduct to law enforcement. Counseling and/or other interventions may also be recommended.

Students may be disciplined for off-campus bullying, hazing or similar behavior the same as if the improper conduct occurred on campus, if the actions of the offender substantially interferes with the education opportunities or educational programs of the student victim and/or adversely affects the ability of the student victim to participate in or benefit from the school's education programs or activities.

PARENTAL RELIEF

If a parent, legal guardian, teacher, or other school official has made four (4) or more reports of separate instances of bullying, and no investigation pursuant to state law or this policy has occurred, the parent or legal guardian of the alleged victim may request that the student be transferred to another school operated by the School Board.

Such request shall be filed with the Superintendent. Upon receipt of the request to transfer the student to another school, the School Board shall make a seat available at another school under its jurisdiction within ten (10) school days of the parent or legal guardian's request for a transfer. If the School Board has no other school under its jurisdiction serving the grade level of the victim, within fifteen (15) school days of receiving the request, the Superintendent shall:

1. Inform the student and his/her parent or legal guardian and facilitate the student's enrollment in a statewide virtual school.
2. Offer the student a placement in a full-time virtual program or virtual school under the School Board's jurisdiction.
3. Enter into a memorandum of understanding with the Superintendent or director of another governing authority to secure a placement and provide for the transfer of the student to a school serving the grade level of the student, in accordance with statutory provisions.

If no seat or other placement is made available within thirty (30) calendar days of the receipt of the request by the Superintendent, the parent or legal guardian may request a hearing with the School Board, which shall be public or private at the option of the parent or legal guardian. The Board shall grant the hearing at the next scheduled meeting or within sixty (60) calendar days, whichever is sooner.

At the end of any school year, the parent or legal guardian may make a request to the School Board to transfer the student back to the original school. The School Board shall make a seat available at the original school that the student attended. No other schools shall qualify for transfer under this provision.

TRAINING

The School Board shall provide a minimum of four (4) hours of training for all new employees who have contact with students, including bus operators, with respect to bullying in accordance with state statutory provisions.

RETALIATION

Retaliation against any person who reports bullying, hazing, terrorizing, or similar behavior in good faith, who is thought to have reported such conduct, who files a complaint, or who otherwise participates in an investigation or inquiry concerning allegations of bullying, hazing, terrorizing, or similar behavior is prohibited conduct and subject to disciplinary action.

CHILD ABUSE

The provisions of this policy shall not be interpreted to conflict with or supersede the provisions requiring mandatory reporting pursuant to Louisiana Children's Code, Art. 609 and as enforced through La. Rev. Stat. Ann. §14:403.

STUDENT DRESS CODE

The policy of the Monroe City School Board shall be that no mode of attire shall be considered proper for school wear that disrupts the classroom and/or the school's positive learning environment. In questions regarding student dress and grooming, the principal or his/her designee of each school shall make the final decision as to what is considered proper or improper dress according to the guidelines provided.

The Board desires to teach each student to use good judgment in his/her total appearance so that the community shall be a basic consideration. Attention of others is not distracted from the purpose of the school. Cleanliness and the values of the community shall be a basic consideration.

NOTIFICATION

The School Board shall notify the parent or guardian of each student of the dress code specifications and their effective date.

If the Board adopts a uniform policy or modifies the existing uniform policy, it shall notify, in writing the parent or guardian of each student of the policy adoption or uniform policy modification at least sixty (60) days prior to the effective date of the new or revised policy. Each school shall display any uniform selected for a reasonable period prior to the proposed effective date for wearing of the uniform.

However, nothing shall prohibit the Board from requiring a new or revised dress code or uniform policy without the required notice in the event of an emergency. For the purposes of this policy, emergency shall mean an actual or imminent threat to health or safety which may result in loss of life, injury, or property damage.

DRESS AND PERSONAL GROOMING

Student dress and grooming are not to adversely affect the students' participation in classes, school programs, and other school-related activities or detract from the learning environment of the school. Extremes in style and fit in student dress and extremes in style of grooming will not be permitted. Administrators are authorized to use their discretion in determining extremes in styles of dress and grooming and what is appropriate and suitable for school wear. No student shall wear, possess, use, distribute, display or sell any clothing, jewelry, emblem, blade, symbols, sign or other things which are evidence of affiliation with drugs, alcohol, violence or gang related activities or exhibits profane or obscene language/gestures. Policies regarding dress and grooming stress the importance of reducing distractions that inhibit learning and are addressed as an attempt to enhance the learning environment.

Body Armor

It shall be unlawful and against School Board policy for any student or non-student to wear or possess on his/her person, at any time, body armor on any School Board property, school campus, at a school-sponsored function, on a school bus or other school transportation, or in a firearm-free zone, with limited exception as enumerated in La. Rev. Stat. Ann. §[14:95.9](#). School-sponsored functions shall include, but not be limited to, athletic competitions, dances, parties, or any extracurricular activities. A firearm-free zone means any area within one thousand feet of any school campus and within a school bus.

Body armor shall mean bullet-resistant metal or other material intended to provide protection from weapons or bodily injury.

STUDENT COMPLAINTS AND GRIEVANCES

The Monroe City School Board, recognizing that problems may arise at school, shall require that student concerns, complaints or grievances be registered with the principal or building administrator or his/her designee. For the discussion and consideration of grievance, any student or group of students should request a meeting time and place of the school principal. One faculty member of the student's choice may be present at such meetings. Such time and place shall be designated immediately upon request.

The purpose of discussion and appeal procedures is to provide a forum through which trivialities, irresponsible actions, and non-related school issues are conveyed. In this context it is recommended:

1. That as many student problems and concerns as possible be handled through committees established by the student council or through direct communication with a staff member.
2. That only issue of utmost concern will be brought before a student-faculty committee for review and disposition.
3. That only unresolved issue of major importance will be appealed to the school administration for consideration and action.

If a grievance is not satisfactorily resolved after meeting with the principal, a student or group of students shall follow the same procedures outlined in policy [GAE, Complaints and Grievances](#), for further consideration of their grievance.

Monroe City School Board

STUDENT SEXUAL HARASSMENT

The Monroe City School Board disapproves of and does not tolerate sexual harassment by employees to students, by students to employees, or by one student to another student. No employee or student, either male or female, should be subject to unsolicited and unwelcome sexual overtures or conduct, either verbal or physical. Sexual harassment does not refer to occasional compliments of a socially acceptable nature. It refers to behavior that is not welcome, that is personally offensive, and therefore interferes with the purposes of the employee and/or student in the academic, extracurricular, and co-curricular atmosphere. Sexual harassment includes any type of sexually coercive or oppressive conduct, including, but not limited to, threats, comments, jokes or overtures of a sexual nature. Sexual harassment also includes *quid pro quo* claims which occur when an employee makes sexual advances toward a student which threaten or imply retaliation if the student resists, or rewards if the student acquiesces.

COVERAGE

This policy applies to all employees and volunteers, to the elected members of the School Board, and to all students of the Monroe City School District. It applies at school, school sponsored events, and in situations which are related to operations of the school.

COMPLAINT PROCEDURE

Procedures as outlined in policy [GAE, Complaints and Grievances](#), shall be followed. Complaints of sexual harassment which take place at school or at a school related function or arising out of the school setting should be made to the principal of the school. Should the claim of sexual harassment be brought against the principal of the school, the complaint should be brought directly to the Director

of Child Welfare or his/her designee. The initial complaint may be in writing or transcribed. Such reports should include the nature of the complaint, recording the specific act or acts which constitute the harassment complained of, the person or persons who the complainant alleges committed the harassment, witnesses to the acts complained of, and the date and time of the alleged act or acts.

After notification of the complaint, a confidential investigation shall immediately be initiated to gather all facts about the complaint.

After the investigation has been completed, a determination shall be made regarding the resolution of the case. If warranted, disciplinary action shall be taken up to and including involuntary termination of an employee and/or expulsion of a student. Any disciplinary action regarding an employee shall be placed in the employee's personnel file which will reflect the action taken and the grounds therefor. Any disciplinary action taken in regard to a student shall be maintained as any other student disciplinary violation.

SUSPECTED CHILD ABUSE

If the victim of the alleged sexual harassment is a minor student and if the alleged harassment falls within the definition of *abuse* as found in Board's policy [JGCE, Child Abuse and Neglect](#), then all school employees with knowledge shall be considered *mandatory reporters* and the allegations must be reported to child protection or law enforcement as provided by state law and Board policy. Such reporting must be made in addition to any procedures for handling sexual harassment complaints.

NONRETALIATION

Retaliation against any employee or student who brings sexual harassment charges or who assists in investigating such charges shall be prohibited. Any employee or student bringing a sexual harassment complaint or assisting in the investigation of such a complaint shall not be adversely affected, discriminated against or punished because of the complaint.

DISCIPLINE

It is the purpose of the Monroe City School Board to operate the schools in a manner that will provide an orderly process of education and that will provide for the welfare and safety of all students who attend these schools. The school's primary goal is to educate, not discipline; however, when the behavior of the individual student comes in conflict with rights of others, corrective actions may be necessary both for the benefit of that individual and the school as a whole.

Every teacher and other school employees in the public school system shall endeavor to hold each student to a strict accountability for any disorderly conduct in school, or on the playgrounds of the school, on any school bus, on the street or while going to or returning from school, during intermission or recess, or at any school sponsored activity or function. To assist the teacher, the Board shall establish regulations for the use of disciplinary measures within the schools and continually monitor and appraise their usefulness. Discipline shall be administered uniformly, consistently, and in a nondiscriminatory manner.

Principals shall have both the authority and the duty to take disciplinary action whenever the behavior of any student (s) materially interferes with or substantially disrupts the maintenance of a proper

atmosphere for learning within the classroom or other parts of the school. However, no student shall be disciplined in any manner by the School Board or school administrator, teacher, or other school employee for the use of force upon another person when it can be reasonably concluded that the use of such force more probably than not was committed solely for the purpose of preventing a forcible offense against the student or a forcible offense provided that the force used must be reasonable and apparently necessary to prevent such offense. A student who is the aggressor or who brings on a difficulty cannot claim the right stated above to defend himself/herself.

Each teacher may take disciplinary action to correct a student who engages in bullying, who disrupts normal classroom activities, who is disrespectful to a teacher, who willfully disobeys a teacher, who uses abusive or foul language directed at a teacher or another pupil, who violates school rules, or who interferes with an orderly education process. The disciplinary action taken by the teacher shall be in accordance with such regulations and procedures established by the Board.

STUDENT REMOVAL FROM CLASSROOM

A student may be immediately removed from a classroom by the teacher and placed in the custody of the principal or designee if the student's behavior prevents the orderly instruction of other pupils, poses an immediate threat to the safety of students or the teacher, when a student exhibits disrespectful or threatening behavior toward a teacher such as using foul or abusive language or gestures directed at or threatening a student or teacher, when a pupil violates the school's code of conduct, or when a student exhibits other disruptive, dangerous, or unruly behavior, including inappropriate physical contact, inappropriate verbal conduct, sexual or other harassment, throwing objects, inciting other students to misbehave, or destroying property. The student should not be kept out of school past the suspension period imposed by the principal.

A student removed from the classroom shall be assigned school work missed and shall receive either partial or full credit for such work, upon the recommendation of the student's teacher, if it is completed satisfactorily and timely as determined by the principal or his/her designee.

Any student removed from class in kindergarten through grade 6 shall not be permitted to return to class for at least thirty (30) minutes unless agreed to by the teacher. A student removed from class in grades 7 through 12 shall not be permitted to return to class during the same class period, unless agreed to by the teacher initiating the disciplinary action.

Whenever a teacher is struck by a student, the student, in addition to any other discipline given, shall be permanently removed from the teacher's classroom, unless the teacher objects, or unless the principal, with the concurrence of the building level committee, finds the striking incident to be entirely inadvertent.

Upon the student being removed from class and sent to the principal's office, the principal or designee shall conduct a counseling session with the student to discuss the particular misconduct. Once removed, the student shall not be readmitted to the classroom until the principal has implemented one of the following disciplinary measures:

1. In-school suspension
2. Detention
3. Suspension
4. Initiation of expulsion hearings
5. Assignment to an alternative school
6. Requiring the completion of all assigned school and homework which would have been assigned and completed by the student during the period of suspension.
7. Any other disciplinary measure authorized by the principal with the concurrence of the teacher or building level committee.

Parental Notification

The principal or his/her designee shall provide oral or written notification to the parent or legal guardian of any student removed from the classroom. Such notification shall include a description of any disciplinary action taken.

When a student has been removed from a classroom, the teacher may require the parent, tutor, or legal guardian of the student to have a conference with the teacher in the presence of the principal or his or her designee before the student is readmitted. Upon the student's *third* removal from the same classroom, the teacher and principal shall discuss the pupil's disruptive behavior and contemplated disciplinary measures to be taken before the principal implements such measures. If appropriate, the principal may send a *Request for Assistance* form to the building level committee requesting review and assistance. In addition, a conference between the teacher or other appropriate school employee and the student's parent, tutor, or legal guardian shall be required prior to the student being readmitted. If the disruptive behavior persists, the teacher may request that the principal transfer the student into another setting.

PARENT CONFERENCES

In any case where a teacher, principal, or other school employee is authorized to **require** the parent, tutor, or legal guardian of a student to attend a conference or meeting regarding the student's behavior, and after notice, the parent, tutor, or legal guardian willfully refuses to attend, the principal, or his/her designee, shall file a complaint, in accordance with statutory provisions, with a court exercising juvenile jurisdiction. *Notice* of the conference, specifying the time and date of the conference, shall be given by contacting the parent, tutor, or legal guardian by telephone at the telephone number shown on the student's registration card or by sending a certified letter to the address shown on the student's registration card.

REPORTS TO PRINCIPAL

Any teacher or other school employee may report to the principal any student who acts in a disorderly manner or is in violation of school rules, or any misconduct or violation of school rules by a student who may or may not be known to the teacher or employee. Incidents of alleged discipline violations shall be reported on the [School Behavior Report Form A/Form B/School Bus Behavior Report](#) form provided by the Louisiana Department of Education. The forms shall be submitted in accordance with procedures outlined by the School District, the Superintendent, and school system personnel. The principal shall review and act upon such information submitted, to determine if suspension or other disciplinary action is necessary.

Should the principal fail to act on any report of misconduct or school violation, he/she shall explain the reasons for doing so to the Superintendent or his/her designee and to the teacher or school employee, student, parent, or legal guardian reporting the violation.

DELINQUENT STUDENTS

Students who regularly disrupt the normal school environment shall be considered as delinquent, and may be reported by appropriate school personnel to the juvenile court. Any student that exhibits disruptive behavior, an incorrigible attitude, or any other discipline problems in general may be recommended by the principal for expulsion, assignment to an appropriate alternative educational placement, or transfer to adult education if the student is:

1. Seventeen (17) years of age or older with less than five (5) units of credit toward graduation;
2. Eighteen (18) years of age or older with less than ten (10) units of credit toward graduation; or
3. Nineteen (19) years of age or older with less than fifteen (15) units of credit toward graduation.

RECUSAL OF ADMINISTRATOR IN DISCIPLINE MATTERS

Any school administrator or administrator's designee who is required to make a recommendation, decide an issue, or take action in a matter involving the discipline of a student shall recuse himself/herself whenever a member of the immediate family of the administrator or administrator's designee is involved in any manner in the discipline matter. In case of recusal, the action to be taken shall be done so by the Superintendent or an impartial designee of the Superintendent.

Immediate family means the individual's children, brothers, sisters, parents, and spouse and the children, brothers, sisters, and parents of the spouse.

DISCIPLINE OF STUDENTS WITH DISABILITIES

Discipline of students with disabilities shall be in accordance with applicable state or federal law and regulations.

DEFINITIONS

Suspension shall mean that student is temporarily prohibited from participating in his/her usual placement within school. This usually involves temporary removal from school.

In-school suspension shall mean (1) student is removed from his/her usual classroom placement to an alternative educational placement for a minimum of one complete school day, and (2) no interruption of services occurs. (An *alternative educational placement* may be located on or off the school site, provided that the student continues to receive instructional services and remains under the supervision of school personnel or their designees.)

Detention shall mean activities, assignments, or work held before the normal school day, after the normal school day, or on weekends. Failure or refusal by a student to participate in assigned detention shall subject the student to immediate suspension. Assignments, activities, or work which may be assigned during detention include, but are not limited to, counseling, homework assignments, behavior modification program, or other activities aimed at improving the self-esteem of the student.

Expulsion shall mean the removal of a student from school for at least one school semester.

In-school expulsion shall mean (1) Student is temporarily removed from his/her usual classroom placement to an alternative educational placement for a period of time specified by the Office of Child Welfare and Attendance, and (2) no interruption of instructional services occurs. (An *alternative educational placement* may be located on or off the school site, provided that the student continues to receive instructional services and remains under the supervision of school personnel of their designees.)

Monroe City School Board

CORPORAL PUNISHMENT

Teachers shall be supported by the School Board and the administration in their efforts to teach good citizenship by requiring proper conduct. While teachers shall be reasonable in all student-related demands, they do not need to tolerate disrespectful, boisterous, rough and violent outbursts of language and temper on the part of the pupils. Every teacher is authorized to hold every pupil to a strict accountability for any disorderly conduct in school or on the playground of the school, or on any school bus going to or returning from school, or during intermission or recess.

The Monroe City School Board shall allow reasonable corporal punishment of unruly pupils. If such punishment is required, it shall be administered with extreme care, tact and caution, and then only by the principal, assistant principal, or the principal's designated representative in the presence of another adult school employee. At no time shall corporal punishment be administered in the presence of another student. All school personnel and parents shall be fully informed of these provisions at the beginning of each school year.

Corporal punishment means using physical force to discipline a student, with or without an object. Corporal punishment includes hitting, paddling, striking, spanking, slapping, or any other physical force that causes pain or physical discomfort.

Corporal punishment does not include:

1. The use of reasonable and necessary physical restraint of a student to protect the student, or others, from bodily harm or to obtain possession of a weapon or other dangerous object from a student.
2. The use of seclusion and restraint as provided in La. Rev. Stat. Ann. §17:416.21.

No form of corporal punishment shall be administered to a student with an exceptionality, excluding gifted and talented, as defined in La. Rev. Stat. Ann. §17:1942 or to a student who has been determined to be eligible for services under *Section 504 of the Rehabilitation Act of 1973* and has an *Individual Accommodation Plan*.

The following guidelines shall apply to any use of corporal punishment:

1. Except for those acts of misconduct which are extremely anti-social or disruptive in nature, corporal punishment should never be used unless the student is informed beforehand that specific misbehavior could occasion its use; and, subject to this exception, it should never be used as a first line of punishment. Its use should follow specific failures of other corrective measures to effect student behavior modification. Corporal punishment shall be used only as a last resort for students with significant behavior problems and only within the guidelines provided.

2. The principal or the designee shall punish corporally only in the presence of a second school employee, who should be informed beforehand of the reasons for the punishment.
3. In cases where a student protests innocence of the offense or ignorance of the rule, a brief but adequate opportunity shall be provided for the student to explain his/her side of the situation.
4. School principals, assistant principals or appropriate designees who have administered corporal punishment shall provide the child's parents or legal guardians, upon request, a written explanation of the reasons and the name of the school employee who was present as a witness. For each incident of corporal punishment, a *Corporal Punishment Incidence Checklist* shall be completed and maintained in the administrative offices of the school.
5. Corporal punishment shall be administered in the office of the principal, assistant principal or in such place or places as may be designated by the principal.
6. The use of corporal punishment shall at all times be reasonable and proper. Considerations in this regard shall include but not be limited to the following:
 - A. Age of child;
 - B. Size of child;
 - C. Sex of child;
 - C. Ability to bear the punishment; and
 - D. Overall physical condition of the child.
7. Corporal punishment shall not be administered in anger or with malice at any time.
8. Corporal punishment shall be administered by paddling the *buttocks only*.

Nothing contained herein shall be interpreted as prohibiting an employee from using physical force, reasonable and appropriate under the circumstances, in defending himself/herself against a physical attack by a student or to restrain a student from attacking another student or employee, or to prevent acts of misconduct which are so anti-social or disruptive in nature as to shock the conscience.

IMPERMISSIBLE CORPORAL PUNISHMENT

Corporal punishment administered other than as outlined hereinabove shall be deemed and defined to be *impermissible corporal punishment*. Any accusations involving employees using impermissible corporal punishment shall be promptly investigated, in accordance with provisions of policy *GAMC, Investigations*.

SUSPENSION

The Monroe City School Board recognizes its authority to maintain good order and discipline within the schools of the school district. Therefore, the School Board recognizes the principal's authority to suspend a pupil for a specified period of time in accordance with statutory provisions.

In each case of suspension, the school principal, or his or her designee, prior to any suspension, shall advise the student of the particular misconduct of which he/she is accused as well as the basis for such accusation, and the pupil shall be given an opportunity at that time to explain his/her version of the facts. The principal/designee shall contact the parent, tutor, or legal guardian of the pupil to notify them of the suspension, and establish a date and time for a conference with the principal or designee as a requirement for readmitting the pupil. *Notice* shall be given by contacting the parent, tutor, or legal guardian by telephone at the telephone number shown on the pupil's registration card, or by sending a certified letter to the address shown on the pupil's registration card. The principal shall promptly advise the Superintendent or designee of all such suspensions, stating the reasons for the suspensions.

Any student suspended from school for a period of over ten (10) consecutive school days shall remain under the supervision of the School Board using alternative education programs for suspended and expelled students. The student shall be required to attend and participate in such school, program, or educational services.

No suspended pupil shall be allowed to leave the school premises during the school day until the parent, guardian, or other proper authorities assume responsibility for him/her, unless immediate removal from school due to danger or threat of disruption to academic process is warranted.

If the parent, tutor, or legal guardian fails to attend the required conference within five (5) school days of notification, the truancy laws shall be effective. On not more than one occasion each school year when the parent, tutor, or legal guardian refuses to respond to the notice, the principal may determine whether readmitting the pupil is in the best interest of the pupil. On any subsequent occasions in the same school year, the pupil shall not be readmitted unless the parent, tutor, or legal guardian, court, or other appointed representative responds.

In any case where a teacher, principal, or other school employee is authorized to require the parent, tutor, or legal guardian of a pupil to attend a conference or meeting regarding the pupil's behavior and after notice, the parent, tutor, or legal guardian willfully refuses to attend, the principal or his/her designee shall file a complaint, in accordance with statutory provisions, with a court exercising juvenile jurisdiction.

When a pupil is suspended for a second time within one school year, the principal may require a counseling session be held with the parent and pupil by the school counselor. If no counselor is available, the conference may be held with all the pupil's teachers and the principal or other administrator.

Any student, *after being suspended on three (3) occasions* for committing offenses involving a firearm, knife or other dangerous instrumentality, or drugs, narcotics or other controlled dangerous substances during the same school year, **shall upon committing the fourth offense**, be expelled from all the public schools of the system until the beginning of the next regular school year, and the pupil's reinstatement shall be subject to the review and approval of the School Board.

The principal and other appropriate personnel shall be required to file written documentation of all

suspensions. Said documentation shall include the circumstances surrounding any suspension, the reason for suspension, and any other pertinent facts concerning the disciplinary action. The principal shall file copies of his/her report with the Superintendent, other appropriate personnel and the parent or guardian and retain a copy for his/her records.

Upon the seizure by any teacher, principal, school security guard, or other school administrator of any firearm, knife, or other dangerous implement which could be used as a weapon or inflict injury, the principal or his or her designee shall be required to report the confiscation to appropriate law enforcement officials.

Appeal

Any parent, tutor, or legal guardian of a pupil suspended shall have the right to appeal to the Superintendent or his/her designee, who shall conduct a hearing on the merits. If the parent or legal guardian is not present for the hearing after having been properly notified, the hearing may proceed and the results of the hearing shall be mailed to the parent or legal guardian within three (3) school days by certified mail, return receipt requested. The decision of the Superintendent on the merits of the case, as well as the term of suspension, shall be final, reserving to the Superintendent the right to remit any portion of the time of suspension.

MANDATORY SUSPENSION

Firearms, Knives, Other Dangerous Instrumentalities, Drugs

The principal shall be required to suspend a pupil who:

1. is found carrying or possessing a firearm or a knife with a blade two (2) inches or longer, or another dangerous instrumentality, except as provided below under the section entitled *Suspension Not Applicable*; or
2. possesses, distributes, sells, gives, or loans any controlled dangerous substance governed by state law, in any form.

Additionally, the principal shall immediately recommend the pupil's expulsion to the Superintendent, for the above offenses, except in the case of a student less than eleven (11) years of age in pre-kindergarten through grade 5 who is found carrying or possessing a knife with a blade two (2) inches or longer, the principal may, but shall not be required to recommend the student's expulsion. STUDENT COMPUTER AND INTERNET USE

INTERNET SAFETY

The Internet is a vast, global computer network that provides access to major universities, governmental agencies, other school systems, and commercial providers of data banks. The Monroe City School Board shall establish appropriate guidelines for exploring and using Internet resources within the school district to enhance learning and teaching activities. Acceptable use of these resources shall be consistent with the philosophy, goals and objectives of the Monroe City School Board. Age and grade appropriate classroom instruction shall be provided regarding Internet and cell phone safety. Such instruction shall include appropriate online behavior, interacting with other individuals on social networking websites and in chat rooms, and cyberbullying awareness and response, as well as areas of concern as authorized in state and federal law.

The School Board's technology network shall not be considered nor used as a public access service or public forum. Therefore, the Monroe City School Board shall establish and maintain reasonable restrictions upon the use of the School Board's technology network, use of all Board computers, and access to the Internet. The School Board reserves the right to monitor all users' online activities, and to access, review, copy, store or delete any electronic communications or files and disclose them to others as it deems necessary.

In its continued efforts to comply with the *Children's Internet Protection Act*, and the *Protecting Children in the 21st Century Act*, the Board shall adopt and enforce a policy of Internet safety that incorporates the use of computer-related technology or the use of Internet service provider technology designed to block or filter Internet access for minors and adults to certain visual depictions, including without limitation those that are obscene, child pornographic, or harmful to minors, including without limitation sites that are excessively violent, pervasively vulgar, or sexually harassing. Sites which contain information on the manufacturing of bombs or other incendiary devices shall also be prohibited. Only authorized persons may disable for a user the blocking or filtering mechanism in order to enable Internet access for bona fide research or other lawful purposes.

In addition to filtering requirements, the Board shall maintain regulations which:

1. Prohibit access by minors to inappropriate matter on the Internet and World Wide Web;
2. Address the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications. Prohibit unauthorized access, including what is now known as hacking and other unlawful on-line activities by minors online;
3. Prohibit unauthorized disclosure, use, and dissemination of personal information regarding minors;
4. Institutes measures designed to restrict minors' access to materials harmful to minors; and
5. Address appropriate online behavior including interacting with others and cyber bullying awareness and response.

No filtering software, however, is foolproof, and there is still a risk an Internet user may be exposed to a site containing such materials. A user who incidentally connects to such a site shall immediately disconnect from the site and notify a teacher or supervisor. If a user sees another user is accessing inappropriate sites, he or she shall notify a teacher or supervisor immediately.

Any user identified as a security risk or having a history of problems with other computer systems may be denied access to the Internet through the district's technology network.

This includes, but is not limited to, the uploading or creation of computer viruses or worms.
5. *Consequences of Misuse* - School principals may suspend from school any student who accesses, sends, receives, or configures electronically any profane or threatening language or pictures, or violates any regulations for computer use, or any rules contained herein. Consequences for violations of these standards may range from loss of Internet privileges to expulsion from school depending on the nature and severity of the act.

NOTICE OF
SCREENING AND INTERVENTION

Monroe City Schools will be conducting universal screening of students in grades K-8 in the areas of social-emotional functioning and behavior as a part of our efforts to best identify and meet the needs of the children in our school system. This will be done through teacher rating scales. These are researched based, standardized instruments designed to measure both acting out and internalizing behaviors. District-wide screenings will be conducted at each school by the Office of Student Support Services. These instruments use teacher ratings and interviews; direct involvement with students is not a part of the screening process.

Results of the screening will be shared with the school's administration and student support team(s). Parents will be notified if the committee determines that emotional and/or behavioral interventions are needed for their student. Interventions for at-risk students will be implemented once parent(s) have been notified and/or parent permission has been received. Social-emotional and behavioral interventions may be implemented by classroom teachers, school personnel, and/or Office of Student support Services personnel. Research based interventions are chosen based on the student's identified risk level and area(s) of need.

All screening information and documentation will be kept confidential and shared only with those individuals who work with the student and the student support team(s).

Google Apps for Education/Online Resource Opt Out Form

Dear Parents/Guardians,

In order for schools within the Monroe City School District (MCSD) to continue to be able to provide your student(s) with the most effective web-based tools and applications for learning, our district utilizes several computer software applications and web-based services, operated not by this district, but by third parties. MCSD will be utilizing Google Apps for Education and other web based resources (i.e. Prezi, Edmodo, and Lucid Charts for students. As with any educational undertaking, a strong partnership with families is essential to a successful experience.

In order for our students to use these programs and services, certain personal identifying information -- generally the student's name and email address -- must be provided to the web site operator.

Under federal law entitled the Children's Online Privacy Protection Act (COPPA) these websites must provide parental notification and obtain parental consent before collecting personal information from children under the age of 13. The law permits school districts such as ours to consent to the collection of personal information on behalf of all of its students, thereby eliminating the need for individual parental consent given directly to the web site operator. A list of the possible sites to be used in our classrooms, with links to their privacy policies and terms of services can be obtained by clicking on the following link.

http://www.Monroe.k12.wi.us/families/COPPA_websites.cfm#d376895

Using these tools, students collaboratively create, edit and share files and websites for school related projects and communicate via email with other students and teachers. These services are entirely online and available 24/7 from any Internet-connected computer. Examples of student use include showcasing class projects, building an electronic portfolio of school learning experiences, and working in small groups on presentations to share with others.

Below are some links to the sites that govern the districts privacy measures as they pertain to your child's information:

Child Internet Protection Act (CIPA) The school is required by CIPA to have technology measures and policies in place that protect students from harmful materials including those that are obscene and pornographic. This means that student email is filtered. CIPA <http://fcc.gov/cgb/consumerfacts/cipa.html>

Children's Online Privacy Protection Act (COPPA)
COPPA applies to commercial companies and limits their ability to collect personal information from children under 13. By default, advertising is turned off for Monroe City School District's presence in Google Apps for Education. No personal student information is collected for commercial purposes. The school's use of student information is solely for education purposes.

Family Educational Rights and Privacy Act (FERPA)

FERPA protects the privacy of student education records and gives parents the rights to review student records. Under FERPA, schools may disclose directory information but parents may request the school not disclose this information. Parents are provided the opportunity annually to opt out of disclosing their student's directory information on the District's Enrollment Form. --FERPA –

2. **Access Restriction.** Access to and use of student email is considered a privilege accorded at the discretion of the Monroe City School District. The District maintains the right to immediately withdraw the access and use of these services including email when there is reason to believe that violations of law or District policies have occurred. In such cases, the alleged violation will be referred to a building Administrator for further investigation and disciplinary action.
3. **Security.** The School District cannot and does not guarantee the security of electronic files located on Google systems. Although Google does have a powerful content filter in place for email, the District cannot assure that users will not be exposed to unsolicited information.
4. **Privacy.** The general right of privacy will be extended to the extent possible in the electronic environment.
