

>>> MONTHLY MATTERS WITH MR. MOORE

September 2025
18th Edition

SEPTEMBER

This month, I would like to take a moment to celebrate and thank each of you for the outstanding work you do. Every day, you hold the power to change lives, and that is no small thing.

During the month of August, we engaged in meaningful training sessions that are shaping the foundation for a strong school year ahead.

As we move forward, let's carry with us a spirit of excellence: showing up each day with high expectations, courage, and a deep belief in our ability to make a difference. Last year, we saw the fruits of that commitment with outstanding literacy gains and remarkable growth in mastery scores. Those achievements prove what we already know: when we unite around a shared vision, there is no limit to what we can accomplish.

I have no doubt that the 2025-2026 school year will bring even greater successes. Thank you for your unwavering dedication, your passion for learning, and your willingness to invest in the lives of children every day.

Together, we are not only improving test scores, but we are also shaping kids' futures. Again, thank you for serving our children and being a part of our MCS family.

Sam Moore, III
Superintendent

Upcoming Dates

October 10:
End of 1st 9 weeks
Virtual student learning day

October 13-17:
Fall break

MONROE
